

Many things come to the news-gatherers that are saddening. The untimely death of Fred Allard was a shock to the community and to friends who had known him for years. Polite and gentlemanly at all times, a good word and a smile for everyone. The passing of this young man is sincerely regretted by all. God works in a strange and mysterious manner, perhaps for the best. We know not.

The primary campaign just closed was very bitter and very nasty in some contests. This sort of stuff leaves a bad taste in the mouths of many voters that may be reflected at the polls in November.

A great big strapping young man wearing an overall suit has been making Sikeston regular, begging for money. He blew into The Standard office Tuesday asking for money and as it happened, he struck the editor and after one whiff of his heavy breath, he was ushered out of the office p. d. q. Give no panhandler a penny.

Few county printing offices in this section of the Central West that ever buy poster paper in ton lots, but The Standard is in receipt of a ton of 24x36 assorted colored poster, and it is paid for. Bring on your bill work.

Some funny things crop out at election times. At the polling place in Ward 4, a woman who was having her ballot arranged, when asked if she wished to vote for Fuchs or Malcolm, stated in a loud voice that she wanted nothing to do with Fuchs, that she had heard enough about him. Another woman, when asked who she wanted to vote for, stated she didn't want to vote for any candidate that Old Man Blanton wanted. This shows how Ed Fuchs and The Standard editor stand in the affections of some folks.

Ward 2 in Sikeston has been a hot spot in election days for long time, and Tuesday was no exception. Charges of repeaters have been hurled at this Ward for many years. Several negroes from the Rootwad vicinity who had already voted out there drove to Sikeston with the intention of repeating in Ward 2, but the telephone had tipped the intentions and they were headed off. For one, we think they should have been permitted to have voted then carried them to the Benton jail and put them in the penitentiary. Then it would have been in order for a horse whipping to those who attempted to commit this offense. Too much money to some negro voters have ruined them.

In twenty Southeast Missouri Counties the Democratic vote is in the neighborhood of 58,000. With this vote hooked up with the vote of Kansas City and Jackson County this section of the State could always have a say in State Democratic politics. As it is, we are way off down here without a chance of recognition unless we organize and combine with an outside machine. The Kansas City machine is functioning 100 per cent and as long as we can't beat them, let's join them.

Fred Schorle and part of his family, of Mt. Vernon, Ill., visited in Sikeston the last week-end. Fred has taken on a lot of flesh since leaving Sikeston which goes to show that he is being well fed.

The Government plans to butcher and can 60 head of cattle per day in Southeast Missouri and the only two abattoirs in this section able to handle that many cattle are located in Cape Girardeau, one the Miles Packing Co. deau, one the Southeast Missouri Packing Co., one owned by Republicans, the other by Democrats. Without bids, we are informed the Republican institution is doing all the butchering and packing. There is supposed to be no politics in relief work of any sort, so bids should have been asked for, or the business divided. And, again, perhaps one was not properly equipped to do the work and the other was.

As time rolls around and the watermelon season is with us, so is our friend, S. A. Presson, with the Presson Favorite melon. A choice one, for this season, was presented Wednesday. Drive to his place at Miner and select the one you like best.

If there be any sore spots following the primary, we some sort of healing salve, and take it easy. Equal parts of alcaumfraser fat, poohoo dust and chigger grease with lard and hair over a cat's eye in one night. Try it on your feelings and get behind the nominees.

Children who use the streets as playgrounds are running the risk of death and injury. Last year 1680 were killed and 48,100 injured while playing in the streets.

More than 3300 pedestrians were killed in automobile accidents last year crossing streets in the middle of the block.

Kid Boots Ace, the Boston bull-terrier which was dognaped from its owner, Louis Rudinsky of Winthrop, Mass., last February, has been returned and the reward of \$250 has been paid. The dog was stolen shortly after he won first prize at a Chicago kennel show. The name of the dognaper has not been revealed.

SIKESTON STANDARD

Southeast Missouri's Leading Semi-Weekly

VOLUME 22 SIKESTON, SCOTT COUNTY, MISSOURI FRIDAY MORNING, AUGUST 10, 1934 NUMBER 90

PRIMARY TUESDAY BRINGS OUT HEAVY VOTE; TRUMAN WINS SENATE NOMINATION; FELKER, WILKERSON, HENRY, ELLIS WIN

JUDGE HARRY TRUMAN

While thermometers soared Tuesday, voters of Scott County went to the polls to choose their officers for the next terms. Partly because of the heat, it is thought, the balloting was rather light and orderly, for the most part, although several minor encounters occurred.

While Judge Harry Truman of Independence, the new Democratic nominee for United States senator from Missouri, carried the county by a comfortable plurality of 1017, according to an unofficial count, former Congressman Jacob L. Milligan of Richmond easily led in three of Sikeston's four wards. Truman's strength was registered chiefly in the northern part of the county, especially in Fomfelt, Illmo, Benton, Morley, Commerce and Oran, where he emerged far ahead of his nearest competitor. Truman's Scott county total was 2663; John J. Cochran's, 1088; Milligan's, 1646; and James Longstreet Cleveland's, 120.

Charles Lee, who has been State Superintendent of Schools for numerous years, led his two opponents in his race for re-nomination on the Democratic ticket by a plurality of 2993 in Scott county, for Lloyd King of Monroe City trailed with 1023 and Grover M. Cozear of Fredericktown, Southeast Missouri's candidate for the nomination, with only 602.

Eugene Munger of Chaffee, led Orville Zimmerman of Kennett by a plurality of 538 in his home county during the race for the Democratic nomination for congressman from the new tenth district. He easily led in his native city, and in Fomfelt, Illmo and Vanduser, but he carried only one ward in Sikeston, the third, and trailed Zimmerman in Benton, Morley and Oran. His Scott county total was 2655; that of Zimmerman, who carried every county in the district except two 2117; and that of Stokely, 1183.

C. C. White of Sikeston, won the Democratic nomination for county representative in the Missouri legislature from Tom Lett of Morley by a majority of 535. He captured almost all the Sikeston votes and managed to maintain almost an equality except in Fomfelt, Illmo, Chaffee, Morley, and Oran, where Lett piled up large majorities. The total vote, according to the unofficial count, is White, 3368, and Lett, 2833.

J. W. Heeb of Chaffee, running for re-nomination for the Democratic candidate for presiding judge of the county court, defeated L. A. Schott of Benton by a majority of 474, taking several towns in the northern part of the county and almost equalling or a little surpassing Schott's votes in the others. His total was 3138 as opposed to Schott's 2664.

T. F. Henry carried all Sikeston wards, McMullin, Blodgett, Rootwad, Miner, Crowder, Diehlstadt, and Commerce, and tied his opponent, John A. Young, 8 to 8 in Lusk, the only other community in the district in his race for judge of the county court from the first district. His total vote, according to the unofficial count, was 1676, as opposed to Young's 1016.

In the contest for prosecuting

attorney, W. P. Wilkerson of Sikeston nosed out W. L. Oliver of Oran by a majority of 504. Carrying Sikeston, Rootwad, Miner, Crowder, Commerce, Fomfelt, Illmo, Benton and Morley, Wilkerson piled up 3410 votes, even though he lost in McMullin, Blodgett, Diehlstadt, Lusk, Ancel, Chaffee, New Hamburg, Vanduser, Oran, Bleda and Perkins to Oliver, whose total was 2906.

J. Sherwood Smith gained the Democratic nomination for clerk of the County Court by a plurality of 1297 from Hal Boyce of Blodgett. He led by large counts in Sikeston, Commerce, Kelso, Fomfelt, Illmo, Chaffee, Benton to pile up a total of 3007 votes against 1678 for Boyce and 1710 for Green.

The nomination for collector was won by C. E. Felker of Sikeston by a plurality of 453 from his nearest opponent, Tom Scott of Benton. Felker carried Sikeston, Blodgett, Commerce, Fomfelt, ward two in Chaffee, Morley, Vanduser and gained a total of 2720 votes. Scott chalked up 2268, and William Oliver, 1634.

Joseph W. Myers, William S. Smith, and H. A. Walton retained their offices of justice of the peace when voters ranked them as three high in their race. W. H. Carter, police judge, recorded 883 votes, while Myers had 1117, Smith, 1023, and Walton, 997.

By a majority of 860, W. O. Ellis defeated Brown Jewell, the incumbent, for the Democratic nomination for constable of Richmond township. Ellis carried all the towns in the township as well as Sikeston, to record a total of 1516 votes against 656 votes for Jewell.

Pleas Malcolm, leading in all the Sikeston wards and in all except one of the surrounding communities, won the Democratic nomination for committeeman of the township from N. E. Fuchs. The total vote was 1239 for Malcolm and 747 for Fuchs.

A list of the unofficial Scott county votes by precincts is printed on this page.

Front Street Parking To Be Changed Again

At the petition of merchants whose stores are located on the south side of Front street, between Kingshighway and North New Madrid, steps were taken at the City Council meeting Wednesday night to change in some manner the parking system inaugurated on that thoroughfare earlier in the summer.

An ordinance, which will be formed today, will be presented to board members at a special meeting to the Council tonight for discussion and perhaps approval. It is thought that parking on the south side of the street will be allowed again.

The petition, given to Councilmen at their session Wednesday by Charles H. Butler, operator of the Califo Market, reads:

"We, the following citizens of Sikeston, respectfully petition the honorable mayor and City Council to remove the present 'No Parking' ruling now applying to the street directly in front of our respective places of business. This applies particularly in front of the Beck building, facing Front street. The present 'No Parking' ruling is very injurious to our business as no one is permitted to even stop long enough to enter any store in this building."

It was signed by Mr. and Mrs. Charles H. Butler, Lyman W. Mitchell, Mr. and Mrs. R. H. Joyner and J. Wolf.

An ordinance, passed unanimously by the Councilmen Wednesday evening, amended another ordinance which authorizes licenses for automobiles, businesses, and

occupations to provide "that the Western Union Telegraph, the Postal Telegraph and Cable Company, and all other wireless telegraph and cable companies, corporations, and associations shall pay an annual license tax of \$50 per year."

Two other ordinances, approved Wednesday, provided that the Bank of Sikeston be the depository for city funds until July 1, 1935 or until a new depository is named, and authorized the mayor and city clerk to enter into a contract with the Bank of Sikeston concerning security for the city deposits and provided that the Mercantile-Commerce Bank and Trust Company of St. Louis be made the escrow party to hold securities put up in place of a depository bond.

A suggestion by C. L. Blanton that money be appropriated for the construction in the City Hall of a women's rest room was referred to members of the building committee, and an additional plea by F. D. Lair and E. F. Schorle, representing the Chamber of Commerce, that an ordinance requiring Sikeston residents to place numbers on their houses and be enforced and that the city appropriate money for street signs to be placed at least in the business district of town, was tabled temporarily.

After approving July bills and hearing requests of visitors at the meeting, the Councilmen went into executive session. Members of the Board of Public Works have been invited to attend the special gathering of the Council tonight.

DOG BITES SEVEN PEOPLE

Seven persons were bitten by a slender black mongrel dog which ranged the streets of Sikeston early Tuesday evening before he was finally shot by Constable Brown Jewell in front of the home of Mrs. Ruth Malone at 125 South Scott Street.

An examination by Dr. C. T. Old, veterinarian, disclosed that the dog, whose owner was not known, was made, and Thursday morning, those who had been nipped by him began to take treatments for the prevention of rabies.

Appearing in the north part of town, the dog loped through the business section, biting people as he went, while Jewell and Night Marshal Gid Daniels pursued him, unable to fire because of the crowds downtown. At about 7

o'clock, the officers found the dog going west in the south part of the city and shot him.

Three Chicago attorneys—Geo. I. Haight, B. F. Goldstein and Edmond D. Adcock—were awarded a fee of \$1,522.500 for their services in obtaining refunds of \$20,700,000 from the Illinois Bell Telephone Company for certain classes of service. The first refund payments will begin in October.

Zaro Agha is dead in Istanbul at the age of 165 and now comes Saloniki with a challenge to his longevity. Abraham Ayache, a citizen of the Spanish-speaking Jewish colony, is said to be 135 years old and in the best of health.

FRED ALLARD KILLED IN ACCIDENT ON HIWAY 60

Fred C. Allard of Sikeston died in a Poplar Bluff hospital Tuesday evening of injuries which he suffered when his automobile left Highway 60, a mile and a half east of Fisk.

Death was caused by traumatic shock and a severe hemorrhage of the left side, according to physicians.

At the time of the accident about 8:30 o'clock, Allard was on his way to Poplar Bluff to meet his wife and 19-months-old daughter, who had been visiting Mrs. Allard's sister, Mrs. Arno Ponder. According to passerby, Allard was driving fast down the highway when he failed to pass a small curve successfully and his car, a Ford sedan, left the pavement, turning over several times in the ditch.

Hurled upward through the top of his machine, Allard evidently struck the steering wheel or a snag after he fell on the ground, for a farmer, who witnessed the accident as he sat on his porch and rushed to aid the injured man, found Allard crawling on the ground, a six-inch split in his left side and from his viscera, untorn, hanging from his body.

Allard is supposed to have requested a glass of water from the farmer, but while the man left to fulfill his wish, a passing motorist took Allard off to Poplar Bluff.

At the hospital, where he was conscious, Allard told attending physicians, who, seeing he had no chance for recovery, bound his injured side, where to reach his wife. He died thirty minutes later.

According to Dr. Howard A. Dunaway, who was in Poplar Bluff when Allard was taken to the hospital, Allard apparently suffered a collapse of his left lung and so lost control of his car during a brief period of unconsciousness. Allard had suffered two similar attacks during the last three years, he said.

With Mrs. Allard, his young daughter, and Mr. and Mrs. Ponder, Allard had spent last week-end at a clubhouse on Curvent River near Granton. Mrs. Allard stayed in Poplar Bluff with her sister and brother-in-law after the party left the resort Sunday night, but Mr. Allard returned here to attend to business matters.

Before Allard was brought here for burial, J. A. McCollum, a justice of the peace acting as coroner, and a coroner's jury viewed the body, but failed to return a

verdict since further investigation will be made.

Allard, who was 30 years old, was born in Glendale, Ill., on July 8, 1904, but moved here with his family more than twenty years ago. After he was educated in the Sikeston public schools, he joined the staff of the Missouri highway department's division number ten offices here as a maintenance clerk, on February 21, 1923.

On June 1, 1929, he was transferred to the highway office at Kirkwood, where he served as chief clerk until July 1, 1932, when he resigned to become district manager for the Mutual Life Insurance Company of New York, a position which he held at the time of his death.

Besides his wife, formerly Miss Mildred Christian, whom he married four years ago, and his little daughter, Mr. Allard is survived by his mother, Mrs. D. N. Allard, Sikeston; two brothers, Lacy Allard, assistant cashier of the Bank of Sikeston, and David Allard, a farmer of near Sikeston; and two sisters, Mrs. J. B. Moll, Sikeston, and Mrs. Dora Jennings, Simpson, Ill.

Funeral services were held at 2:30 o'clock Thursday afternoon at the Methodist Episcopal church here, the Rev. E. H. Orser, pastor of the church, officiating. Burial was in the City cemetery. Welsh service.

Yearly subscription elsewhere in the United States	\$2.50

Some queer things happen. Monday evening a couple of ladies who have charge of Sunday school classes were preparing a novel entertainment for the pupils and proposed that each pupil bring some antique to the party. The ladies thought to bring something unusual called on The Standard editor to let them have a suit of his red flannel underwear that has frequently been mentioned. We had to plead guilty of not having the article, but offered to lend them the pants presented by the girls of the Sterling Store.

The reason O. E. Latham, of The Standard, has been stepping high wide and handsome, is over the news that his daughter, Grace, the wife of E. M. Kaczmarek, of Los Angeles, Calif., had presented him with a grandson on August 3.

It is very pleasant to be remembered by one's friends, especially if it be a pretty young Miss. Monday afternoon Mildred Scherer, daughter of Mr. and Mrs. Sherdon Scherer, brought to the editor a fine lot of luscious Japanese plums ripened to a turn.

There's nothing more disconcerting than to get agitated about something that is none of our business and then discover that we have been sounding a false alarm. If you don't believe this, ask some of these gentlemen who have been denouncing the heartlessness of Government plans for exiling farmers from drought areas to regions where living will be easier.

Just as these denouncers were about to go crazy from grief and rage, Secretary Wallace announced that no such plan had ever been discussed. The Government will help those who wish to move to more favored regions. Those who prefer to tough it out in stricken areas will not be molested. Human nature is such that the home place, in the midst of direct privations, is a dearer spot than a mansion in the midst of plenty elsewhere.—Paris Appeal.

The text about being "fearfully and wonderfully made" applies especially to young babies. We knew that young babies have big brains, in proportion three times bigger than the adult brain, which makes it dangerous to excite them, sending all the blood to the young brain, away from the small stomach. We knew also that a baby has an enormous liver, far bigger in proportion than his father's, in which enough iron is stored up to take him through his milk diet days, milk containing no iron, although otherwise a wonderful food. Only now do we learn, from scientific highbrows of the University of Strasburg, that infants, up to the age of five months, manufacture in abundance their own vitamin C, essential to life and later extracted from orange juice, fresh vegetables, fruit, tomato juice. Without this vitamin, young children would die of scurvy diseases. They gradually lose the vitamin C producing power, between five and 14 months of age. And that food must supply the vitamin. Remember that, in raising your baby.—Arthur Brisbane.

EXPLANATION

The information that the business accounts of Norvell Fant were found short was not given The Standard office by Harley Estes, but by another employee of the Simpson Oil Company.

Joins Union Central Staff

Harold M. Holbert, of Oklahoma City, Okla., who has been with the Financial Department of the Metropolitan Life Insurance Company for the past several years, has joined the Union Central Life Insurance Company forces and will be stationed at Sikeston.

After fifteen years of experimenting, two Australian inventors have perfected a sugar-cane harvester which does the work of between 200 and 300 laborers.

According to C. O. Booker, garden supervisor and Mrs. Lois Ruff of Doniphan, the Ripley county canning program is under full steam. A total of 3888 cans of berries, fruits and garden truck, has been turned out by the canning kitchen up to and including Thursday of last week. The detailed list of canned stuff includes 717 quarts of beans, 1380 quarts of berries and 1791 cans of corn.

Sikeston Standard, \$2.00 a year.

JAMES' VERSION

As Translated by James Hula, Jr.

After a night like the last, I have decided that one of life's greatest privileges is to be able to take your teeth out of your mouth and put them in your pocket or, in a coffee cup up in the pantry along-side of the sugar can, where grandma kept hers.

A child of exceedingly poor parentage was seized a year ago with an attack of measles, so I was told, and since then it has not the least use of its limbs. To the laic eye the case borders on meningitis, as the child at times draws backward and is not able to rest until it is turned. I have never had a thing to effect me as the sight of this four-year-old child lying in a crib practically withering away. The father told me that a competent physician guaranteed a cure if he would continue to bring the child to him for treatments, but the destitution of the parents does not permit them to do so. What society attends to pitiful cases such as this?

Reverie

I wonder if the hills will miss the pine once it is gone, or the ravine the creek when it fades with the summer's drouth on-coming? Or the dew, the roses when winter's here, or the mate its companion partridge drumming? Or, am I a fool that lives to pay—for the blisses of another day?

Washington Comment

During his voyage to the Spanish Main, the President paid a visit to a leper colony. The prospect must have been distressing to him, yet the incident is not without a teaching which embodies much of hope and upward look, generally considered. Anyone who wishes to ascertain what happened to lepers a while ago can consult a document dealing with the dreaded disease, that document being several thousand years old, and to be found in almost every home. It is the Holy Bible. Times may be hard, wars and rumors of war may still abound, and men may manifest an unpleasant inclination to cheat each other when opportunity offers; but when the ruler of a great nation can walk without fear through a village peopled by those smitten with the scourge of leprosy and find them well-housed and receiving kind and enlightened scientific attention, there should be no doubt that the world is moving onward to a better and brighter day.

Once more, authorities are at odds. An official in Los Angeles is quoted as stating that college women make the worst wives. The judge of a Chicago domestic relations court says that college women give him less trouble than those of all other classes put together. The question, therefore, remains open. The same observation holds true with respect to another query which properly may be propounded in connection with the debate. What sort of husbands do the girls, whether collegiate or non-collegiate draw, when they thrust their hands into the matrimonial grab bag?

A Washington radio announcer who stated through the microphone that the place in which he was working was dreadfully hot, received a telephone call in which he was asked to change the subject, since the psychological effect of his remark was bad. Psychology has come into prominence of late, and no doubt is entitled to the importance that is attached to it, but not even psychology should be permitted to kill so important a topic of conversation as the weather. Climatic conditions have bridged over many a wide chasm at a dinner table and elsewhere. Not everyone is a diplomat or a good conversationalist. Our right to talk about the weather now and then may not be guaranteed by the Constitution, but it should not be curtailed or infringed.

Some seamen from a United States vessel landed in Nice, France on a visit. Before they were shoved off, a row occurred and

SISTER SYLVIA DIES AT RED BUD CONVENT AFTER AN OPERATION

Word was received here today by relatives of the death early Saturday morning of Sister Sylvia, Miss Ottilie Dirnberger, of New Hamburg, in Scott County, who died in the convent near Red Bud, Ill., where she has been a nun for fifteen years. Death was due to an internal tumor, for the relief of which she underwent an operation Monday morning in a hospital at Red Bud. She had been

ill only a few days before the operation.

She leaves her mother, Mrs. Catherine Dirnberger of New Hamburg; four sisters, Mrs. Philip Bucher and Mrs. Arthur Vetter of New Hamburg; Mrs. Lillian Schlitt and Miss Arnella Dirnberger of Cape Girardeau, and six brothers, Joe, Mike, Cyrell, Claude and Jerome Dirnberger of New Hamburg and Sylvester Dirnberger of St. Louis.

Funeral services were conducted Monday morning at 8 o'clock from the convent at Ruma, six miles from Red Bud.—Cape Missourian.

Sister Sylvia was a niece of Mrs. Anton Miederhoff of Sikeston.

Those from this city who attended the funeral were: Mrs. Anton Miederhoff, Mr. and Mrs. Jack Miederhoff, Mrs. Frank Hoeller and Mrs. Joe Miederhoff.

ALMARINE PRUETT

Funeral services for Almarine Pruett, 62-year-old farmer, who died of heart attack at his home in Big Opening Monday afternoon, were held at the residence at 10 o'clock Tuesday morning, Rev. Sailors officiating. Burial was in Dogwood cemetery.

Mr. Pruett is survived by two children, four brothers, two sisters, and his father. Welsh service.

100 TO COME HERE ON BLUFF GOOD-WILL TOUR

Between 75 and 100 members of the Poplar Bluff Chamber of Commerce and city leaders are expected to come here during the Chamber's second good-will tour of the district August 21. Soon after the men arrive at 11:45 o'clock in the morning, the

Poplar Bluff band will play, a welcome will be extended by a Sikeston official, not chosen yet, and a response will be given by a member of the tour. When the band has given several additional selections, the tourists and Sikeston leaders will gather for luncheon.

The itinerary of the trip is printed below:
Fisk—8:15 to 8:30
Dudley—8:45 to 9
Dexter—9:15 to 9:45
Bloomfield—10 to 10:30
Essex—10:45 to 11
Morehouse—11:15 to 11:30
Sikeston—11:45 to 1:00
Morley—1:20 to 1:45
Oran—2:00 to 2:15
Delta—2:45 to 3:00
Advance—3:15 to 3:30
Zalma—4:00 to 4:15
Puxico—4:45 to 5:00

OF INTEREST TO WOMEN

Twins, a girl and a boy, were born recently to Senora Rosario Lantaz, 70 years old, in the small town of Michihuana in the State of Tamaulipas, Mexico.

Rio Piedras, seat of the University of Puerto Rico, has a woman mayor, the only one in the island. She is Augustina Camara, an accomplished lawyer.

The thoroughbred horses of Mrs. Isabel Dodge Sloane have won all four of the important fixtures for 3-year-olds this year—the Florida Derby, the Wood, the

Chesapeake Stakes and the Kentucky Derby.

Connecticut's oldest resident and probably one of the few women in the United States to reach the age of 104, is Mrs. Eliza Gage of Ridgefield. She has been a vegetarian for years and never drinks water.

Mrs. L. L. Blankenburg, aged 89, of Philadelphia, Pa., is America's oldest active member of the General Federation of Women's Clubs. She has attended every meeting of the organization since it was founded in New York City in 1889.

Widows in Nanking, China, have

Stop Chills and Fever!

Rid Your System of Malaria!

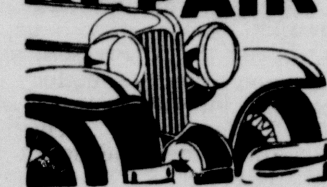

Shivering with chills one moment and burning with fever the next—that's one of the effects of Malaria. Unless checked, the disease will do serious harm to your health. Malaria, a blood infection, calls for two things. First, destroying the infection in the blood. Second, building up the blood to overcome the effects of the disease and to fortify against further attack.

Grove's Tasteless Chill Tonic supplies both these effects. It contains tasteless quinine, which kills the infection in the blood, and iron, which enriches and builds up the blood. Chills and fever soon stop and you are restored to health and comfort. For half a century, Grove's Tasteless Chill Tonic has been sure relief for Malaria. It is just as useful, too, as a general tonic for old and young. Pleasant to take and absolutely harmless. Safe to give children. Get a bottle at any store. Now two sizes—50c and \$1. The \$1 size contains 2½ times as much as the 50c size and gives you 25% more for your money.

been granted complete freedom of choice whether they shall remarry or remain single. Under the old custom a widow could marry only under direct orders of the family of her late husband.

FARMERS' BUYING POWER WILL BE SUPPORTED BY GOVERNMENT PROGRAMS

Although crop prospects are among the chief factors in the outlook for fall business and although it is now certain that the crop-out-turn will be one of the poorest the country has ever known, relief disbursements and benefit payments under the cotton, wheat, and corn-hog programs are expected to supplement the farmer's cash income so that his purchasing power may be somewhat maintained and otherwise devastating effects on business may be at least partially averted.

The drought has persisted over a great part of the plains area and eastward and has extended over almost all of Texas. Accompanied by record high temperatures, the July 1 crop estimates of the United States Department of Agriculture were far worse than the country was prepared for, according to a bulletin issued by the National City Bank of New York, for the combined crop of winter and spring wheat was estimated at 484,000,000 bushels, the smallest since 1893, and the corn crop at 2,113,000,000, the second smallest in almost as long a period. Cotton prospects in Texas have been seriously affected, and with the planted acreage reduced to 28,024,000, the smallest in thirty years, a greatly reduced crop seems probable. Further, it is now generally believed that most crops, but particularly that of corn, have vastly deteriorated since the department's estimates were made.

The cattle situation in the grazing areas is a woeful one, due to shortage of grass and water, and the markets have been glutted with low-grade cattle, purchased in great part by the government relief agencies. There will be a smaller production of milk, eggs, and poultry during the next twelve months as a result of short feed crops, and a great reduction in pork supplies, since it is estimated that the number of hogs raised this year will be 30 per cent smaller than last, and the smallest in twenty years.

Reflecting these developments, farm prices generally have advanced, and for the first time have exceeded the peak reached on the speculative movement one year ago. It is sometimes represented that the short crops at higher prices will bring the farmer a greater income than a full yield at lower prices, and thus increase purchasing power. However, merchants who have to do business in the drought areas, among farmers who are dependent upon government relief, take a different view of the situation. Of course representations that the drought is anything but a calamity are untenable. Consumers will have to pay the higher prices, in addition to the taxes they are already paying upon flour, hogs, cotton and other products, and they will eventually have to pay, through

taxes or otherwise, for the relief, and the farmers themselves are consumers and tax payers. The principle involved is that higher prices resulting from crop failures are absorbed in higher costs to everyone.

Nevertheless, added to the hope of business sustained by the aid of relief and adjustment program payments is the fact that various markets have undoubtedly and steadily improved, though at great cost, some of them with balanced supply and demand for the first time in numerous years.

The wheat surplus accumulated since 1927 evidently will be completely absorbed within the next twelve months, leaving only a normal carryover. The cotton supply will be reduced to the smallest in four or five years. The pork surplus will likely be wiped out, and the downward turn in cattle numbers will come this year instead of one or two years hence, as a result of the forced slaughter.

Thus at one stroke the chief purpose of the efforts on behalf of the farmer, which is to eliminate the surplus, is being accomplished, and obviously a question is presented as to the desirability of any other efforts in that direction. It is fortunate that there were reserves of farm products on hand this season, and the dangers in arbitrary crop limitation, after reserves are reduced to normal or below normal, are to be considered. One adjustment of the farm markets of the kind that has been achieved may be worth the cost. But a program of continuous limitation, dependent for success upon bounty payments which increase the farmer's return over what the free markets would give him, is certain to work at all only as long as the payments last, and if it is carried on too long it is equally certain that a season will come when it will work too well, cause a scarcity of farm products, and put the consumer at as great a disadvantage as the farmer was under when these efforts were begun.

Secretary Wallace had tentatively announced that the wheat adjustment program for the next crop would be the same as at present; namely, a reduction of 15 per cent from the 1928-32 average acreage planted, and a 30 cent processing tax to provide the benefit payments. What the result would be in case of another crop failure may be inferred, and the suggestion of such a failure may not be far-fetched, considering the deficiency of subsoil moisture that will be left after this season. There is reason to think that the Secretary is impressed by this possibility, and that the program will be adjusted to conditions as they are in the fall.

Very few people were on the platform to meet the Tickville train Friday, as it came in on time.—Commercial Appeal.

LOCAL GOLFERS SWAMP CAPE DIVOT DIGGERS 78-4

Twenty-eight players from the Cape Girardeau country club came to Sikeston Sunday for a golf match with the local club members and were trimmed by what happens to be the most one-sided score of the year. Of the twenty-eight matches, Cape failed to win a single match, but four of the Cape men were able to take one point by winning one round of their match. It might be added, however, that three or four of the best shooters on the Cape Club were away on their vacations, and did not participate in this match.

Sunny Lee, caddy star of the local club, and George W. Kirk, veteran golfer, really "burned up" the local course, with sparkling performances Sunday afternoon. They shot the 18 holes in 68, or two under par of the course. These two players also broke the local course record for practice rounds during the past week, Lee getting a 66 on Wednesday of last week, and George Kirk coming along on Friday and duplicating that performance.

This happens to be four under par for the course, and is considered mighty fine golf. The 68's made by these two players ties the course record for tournament play, held by Bill Malone and Orville Lumsden.

In Sunday's match, Lumsden and Malone were right on the heels of the other two golfers with 69's, which is one stroke better than par. Lyman Bowman with a 72 and Harry Harty with a 73 turned in the next best scores. In Sunday's match, four of the local golfers shot the course under 75, and six shot the course under 80, which is considered very good golf. Thirteen of the local players came in with scores under 80. Capt. Butler of Cape Girardeau with a 74 was the best shooter for the visitors. Five of the Cape players had scores Sunday under 80. The local players will visit the Cape course for a return match on August 19.

Scores made and points won Sunday are as follows, with Sikeston players named first:

Sunny Lee	68	3

Totals 78 4

Fish Rescue Work Extensive

Game wardens and rescue crews from the State Game and Fish Department are now engaged in extensive fish rescue work from fast drying streams and lakes in many parts of the State. This summer has been especially hard on fish on account of the drought coming in the spring when, usually, streams and lakes are being filled with run-off rains, so everyone is urged to help rescue fish and transplant them to suitable waters. This also affords the opportunity of destroying turtles, predators of fish. It is believed another record will be established in the rescue of fish, exceeding last year's record a total of over three million game fish.

Four crews, including from two to four men each, are devoting full time throughout the State in

rescuing fish. Usually the majority of the rescue work necessary is done in drying bar pits and sloughs along the Missouri and Mississippi Rivers but this summer much of the rescue work has been necessary in the Ozarks, and Dade counties. Much rescue work has also been done in Osage county where over 200,000 were saved last week and placed in the Gasconade and Osage Rivers. Wherever possible the fish rescued are transplanted into deeper holes or other living waters.

HOW TO MAKE THE MOST OUT OF YOUR GARDEN

With the drought broken in Missouri, and general rains reviving what was left of spring gardens and assuring good fall vegetable crops, housewives will soon turn again to their backyards for part of the day's food.

Sweet potato and tomato plants have suffered the least from the parching sun of the past weeks, according to field supervisors for the State Garden Program who inspect vegetable gardens in every part of the State, and they report that approximately one-half the normal yield of the two vegetables will be realized this year.

Tomatoes

Tomatoes, which can be eaten

If you're stout ... we suggest "classic"

"classic" is our belle-sharmeer proportion that's wider and smarter for larger legs. It fits perfectly all over, in width and length as well as foot size... at ankle and heel and knee and hem. There's an exquisitely sheer chiffon and an unusually fine service weight. Colors for every costume. Sold here exclusively... at prices surprisingly low.

The Waynew Foot... a belle-sharmeer stocking innovation, lovelier lines, better fit, longer wear.

belle-sharmeer STOCKINGS designed for the individual

raw, cooked an endless variety of ways, and canned for next winter carry the recommendation of all nutritionists.

To Serve Cold

An easy way to peel tomatoes is to scald them for a minute and

a half, dip in cold water and the peel slips off easily. Chill before serving.

Baked Tomatoes

Cut tomatoes in half. Place in a shallow baking dish. Cover the tomatoes with bread crumbs that

have been seasoned with fat or butter, salt and pepper. Add a little water to keep the tomatoes from sticking to the dish. Bake in a moderate oven.

Sikeston Standard, \$2.00 a year.

A DOZEN GOOD REASONS

It is unnecessary to resort to adjectives in describing the Ford V-8. To understand its value you merely have to look at its features—and find out how much they ordinarily cost. A dozen of them are listed below.

Study the Ford V-8 point by point. Discover the engineering advances that have made it one of the finest performing cars on the road. And discover comfort that you would hardly believe so little money could buy.

Drive the Ford V-8. And while you thrill to its pick-up, its power and its luxury... remember that it is the most economical car to operate Ford has ever built.

 LESLIE GARRISON, Pastor.

The T. E. L. class held its monthly meeting Tuesday night at the home of Mrs. L. T. Davey, with Mrs. Lon Nall, assistant hostess.

A towel and wash rag shower was given for the Old Folks Home at Ironton. The articles will be taken to the Home, as at this meeting, it was decided that the class members would go to the Home this Sunday for a day's outing, taking with them baskets. Cars will be provided. All will

meet at the Baptist church here, and then go on to Ironton. A committee was appointed to name new class officers for next year. The September meeting will be held at the home of Miss Rebecca Pierce, with Mrs. aGle Hoffman, assistant hostess. At this time a "white elephant" sale will be held. The Fidelis class meets on next Monday night at the home of Mrs. Verna Watson. Mrs. Edith Ansell, assistant hostess.

PRESBYTERIAN CHURCH
 Morning worship—9:00.
 Sermon by the pastor. Subject: "The Anchor That Holds".
 Sunday school, 10 a. m.
 Christian Endeavor—7 o'clock.
 Evening worship—8:00. Sermon by the pastor. Subject: "The Gospel Lifeboat".
 Wednesday evening, August 15 there will be an important meeting of all the officers of the church, the officers of the Sunday school, the officers of the Women's Auxiliary, and the officers of the Young People's Societies at the church at 8 o'clock.
 REV. DORSAY ELLIS, Pastor.

NAZARENE CHURCH
 Sunday school and morning services will be combined this week, the service to begin at 9:30 with Dr. A. S. London, National Sunday school evangelist of Kansas City, bringing the principal message at 10 o'clock. Services will close at 11:30 promptly. Dr. London and his wife will also sing at this service.

Dr. London, who has been in this work for a number of years, is highly educated, having been President of three different colleges, serving twenty years in that capacity. He is a dynamic speaker, deeply interested in Sunday school work, and gives special attention to the children of his audience. For the past week he has been speaking in the churches of this district. Monday night he spoke at Poplar Bluff, Tuesday night at Dexter and Wednesday night at Malden. Quite a number of the members of the local church attend these services nightly.

At 2 o'clock Sunday afternoon, Dr. London will speak at a Zone meeting to be held here, at which the fifteen churches of Zone 5 will be represented.

The meeting of the Leadership Training Class has been postponed a week and will meet next Wednesday night on account of the messages being brought at the various churches of the district by Dr. London of Kansas City. Next Wednesday the class will take up the third book of the course entitled "Study of the Teacher". At

the conclusion of the study of the fourth book "The Principles of Teaching", the members will be awarded a diploma with their first seal. The members are working for twenty seals, which, when they have secured them, will qualify them to teach in any Sunday school and they will be graduate teachers in this work. According to the teacher and pastor of the local church, Rev. C. F. Transue, two more years will be required in the completion of this course.

A. B. PROFFER DIED IN DEXTER, MONDAY

A. B. Proffer, 66 years old, a former resident of Sikeston, died at his home in Dexter Monday after a prolonged illness of nineteen months. Mr. Proffer had been suffering from creeping paralysis, which finally caused hardening of the arteries.
 For more than twenty years, Mr. Proffer lived here, managing the Goodwin-Jean Poultry House and serving as an active member of the First Baptist church and of the I. O. O. F. lodge. About nine months ago, he moved to Dexter so that his two sons, Herman and Cecil Proffer, who live there, could help Mrs. Proffer care for him.

Funeral services were conducted at 2:30 o'clock Tuesday afternoon at the Dexter Baptist church, and burial was in the Dexter cemetery.

Besides his wife and two sons, he is survived by two daughters, Mrs. J. L. Smith of Kennett and Mrs. D. L. Sanders of Poplar Bluff. The following from Sikeston attended the funeral: Mr. and Mrs. Frank Mount, Mr. and Mrs. E. E. Arthur and Mesdames W. O. Scott, Gord Dill, Lizzie Scott, Guy Carter, D. A. Reese, Gust Zacher, W. R. Burks and J. H. Tyer. Hardy Williams, C. W. Smoot, Frank Dye and Frank Beasley, members of the local Odd Fellow lodge, also attended the services.

WINS RING IN RNA MEMBERSHIP DRIVE

Dempsey Gardner, rural route 3 of Sikeston, is among the prize winners in the juvenile cheerio membership campaign now being conducted by Royal Neighbors of America, fraternal insurance society, with supreme offices in Rock Island, Ill.

The youth is a member of camp number 10210 of Sikeston. He was awarded a boy's sterling silver signet ring for obtaining five members in the drive.

Mr. and Mrs. T. A. Wilson and son, T. came down from Jefferson City to vote, returning Thursday. So did Mrs. Lillian Wadlow, Miss Eula Hahn and Miss Mary Elizabeth Nolan.

Personal News of Sikeston

Mrs. Norman Gocke, who with her daughter, Ann, has been visiting her parents, Mr. and Mrs. E. J. Keith, here about a week, returned to her home in East St. Louis, Ill., Tuesday morning.

We have good pit barbecue. Phone 25, Fair Grocery.

Mrs. Jack Johnson and daughter, Helen, Mrs. Mack Higgins, Mrs. Joe Mathis and Miss Millie Jones were visitors at the home of A. B. Proffer in Dexter, Tuesday morning, and Milburn Arbaugh, Mr. and Mrs. C. M. Harris, Mrs. Dean Marshall and daughter, Dorothy, on Monday night.

Miss Ann Beck and Miss Eleanor Claire Joslyn of Charleston were visitors in Cairo, Wednesday.

Pit barbecue, Friday and Saturday at Fair Grocery.

A. W. Roberts of Poplar Bluff visited here Wednesday with his daughter, Mrs. Loren Lee Ellis, while enroute to his home from Cooter, Mo. He went to the latter place Tuesday, being called there by the death of his nephew, George Roberts, who was fatally injured Sunday when struck by truck while riding a bicycle.

Mrs. Dewey Pittman and daughter, Carolyn Sue, of Louisville, Miss., arrived last Saturday for a two weeks' visit with the former's sister, Mrs. A. A. Harrison and Mr. Harrison.

Born to Mr. and Mrs. Z. E. McAmis, Wednesday morning, a son. Mrs. McAmis and son are at the St. Francis Hospital, Cape Girardeau.

M. M. Beck, Jr., who attended the summer school at the University of Missouri, Columbia, is now playing at Nevada, Mo., at the Radio Park Lake. He is playing with Earl Forster's Orchestra, and this orchestra is composed of ATO fraternity brothers of the University. He will be there during the month of August.

CECIL LAWRENCE GIVAN

Cecil Lawrence Givan, 12-year-old son of Mr. and Mrs. La nGivan, died of a complication of diseases at his home here at 5:20 o'clock Monday afternoon. He had been ill for some time, suffering with malaria and rheumatism and later toxin poison and an abscess on his brain.

Funeral services were conducted at 2:30 o'clock Tuesday afternoon at the Church of the Nazarene here. The Rev. C. F. Transue, pastor of the church, who conducted the rites, was assisted by Henry Comer, teacher of the Sunday school class to which Cecil belonged, and twelve members of the class acted as pallbearers and flower boys. Burial was in Memorial Park cemetery.

Besides his parents, he is survived by four sisters, Mrs. Nola Warner, Mrs. Roberta Warner and Celesta and Otha Givan; two brothers, Walter and Layman Givan, and a grandfather, Dempster service.

LEAVES FOR SEDALIA

Mrs. G. Moore Greer left Tuesday evening for Sedalia, where she will visit friends before establishing a temporary residence in the Woman's Building at the State Fair, where she will serve as hostess for a week beginning Saturday.

Miss L. A. Myers, supervisor of the negro schools of Scott County, will join Mrs. Greer Saturday at the grounds and will serve as Mrs. Greer's personal maid during the period of the fair.

Football Boys To Meet

Coach William E. (Peg) Mahew requests all members of the foot-

ball squad to meet him at the Sikeston high school building at 11 o'clock Sunday morning.

Miss Margaret Harris entertained Wednesday at bridge, complimenting Miss Lillian Bergman

of California. Mrs. T. A. Wilson of Jefferson City was an out-of-town guest.

I THANK YOU!

To all who supported me in the primary I desire to thank and to every voter I make this promise:

That if elected in November I will do my level best to make Scott county citizens proud of my office.

Again thanking you for the support given me throughout the county, I am,

Yours truly,

J. Sherwood Smith

Your Tax Load Would Be Lighter If Everyone Paid His Share!

MUNICIPAL PLANTS EXEMPT FROM TAXES ON OVER \$100,000,000 WORTH OF PROPERTY

The amount of taxes that should be paid on this huge sum would probably have made a "Sales Tax" unnecessary in Missouri. It would take the state "out of the red" and ease the tax burden for all.

WHY should the farmers and business men of any county help pay the missing taxes of city owned utilities from which they derive no benefit? It's paying for something you don't get!

YET, that's just what you and every other tax payer of Missouri are doing. You have to pay your share—amounting to many dollars each year—of the taxes from which the utility plants owned by various municipalities are exempt.

IT IS not fair nor just. The utility companies of Missouri alone pay eight million dollars in taxes to schools, cities, counties, state and federal government. On the other hand municipal plants are exempt from taxation on over one hundred million dollars worth of property and you have to make up your share of this missing tax money.

No one saves by municipal ownership and every taxpayer in the county outside of the community where the Light, Water or Gas Plant is located pays extra.

MISSOURI ASSOCIATION OF PUBLIC UTILITIES

Personal And Society Items From Morehouse

Mrs. J. W. Porter and Mrs. Clarence Jackson of Cairo were the guests of Mrs. Ben Marshall last week.

Carl Atkinson of St. Louis is visiting friends and relatives here. The revival meeting is now in progress at the Nazarene church. Miss Lucy Siebert is the evangelist. Thursday evening, the Riverside quartette will sing some special numbers. Saturday evening, Rev. and Mrs. London and daughter will be in the service.

Mrs. Brink and family from Tennessee have moved in furnished rooms of Mrs. Rauch's. Mrs. Brink is a sister of William and James Cornell.

Mrs. Dave Allen of St. Louis is visiting Mrs. Carrington this week.

The Headlee's are making a tour of the East. They were accompanied by their son, Baker, of Wichita, Kansas.

Mrs. Mandie Twitty of Cobden, Ill., who has been visiting her sister, Mrs. Jenny Lingle, has returned home.

Grover Neal and family of Charleston visited Mr. Neal's parents here, Sunday.

Dorothy, Mary and Margaret Paisley of Hannibal spent the week-end with Mr. and Mrs. Ira Menes.

Evadene Patterson of Dexter is visiting her grandmother, Mrs. Maude Patterson.

Miss Vivian Saville of St. Louis, who has been visiting relatives here, has returned home. She was accompanied home by Lucille and Louise Parrish.

Mrs. Martha Holmes is visiting in Charleston this week.

An all day singing convention was held at the gymnasium Sunday. Many towns of Southeast Missouri were represented with their choirs. Morehouse mixed choirs sang several numbers. A very entertaining day was spent.

Mr. and Mrs. Sallie Gresham and son of Charleston, visited Mr. Gresham's mother here Saturday evening.

Baker Reynolds of Cleveland, Ohio, who has been visiting his parents for the past week, has returned home.

Miss Doris Comer of Sikeston is visiting her grandparents, Mr. and Mrs. A. B. Comer.

Paul James, who has been visiting in Ohio and Indiana for the past several weeks, has returned home.

A good report from Mr. and Mrs. V. P. Barker has been received recently. The Barkers are in Springfield, Mo. Mr. Barker is studying law. He expects to be ready to enter the bar in six months. Mr. Barker taught in Morehouse high school for three years. The Barkers were highly respected citizens of this place.

Mr. and Mrs. J. M. Logsdon, Farmington.

Mrs. S. M. Garrett, Corning, Ark.
Mrs. Clarice Mulhills, Corning, Ark.

Mrs. Jack Ogle and children, Farmington.

NEGRO'S 'REDEYE' FAILS TO YIELD ANY PROFIT

City Attorney Robert Dempster and Police Judge W. H. Carter were forced to leave the City Council meeting Wednesday night and descend from the hot stickiness of the City Hall's second floor to the police court to try James Field, a negro, who was charged with possessing two gallons of "redeye".

On the testimony of Ira Shuffitt, deputy sheriff, and Gid Daniels, night marshal, who had arrested him a little earlier, he was found guilty and assessed fines totaling \$30.
Clarence Harrington, negro, was fined \$10 and costs in police court Wednesday afternoon, when he was found guilty of assault and battery on a negro woman. Charges against others arrested at the same time, last Thursday, were dismissed, and the persons released on probation.

WORK STARTED ON NEW SMOKE STACK

Service Construction Company workmen began Monday on the first stage of a new 165-foot stack at the Poplar Bluff Municipal Light and Power plant by sinking four of the 33 piles called for in plans for the proposed improvement.

The Board of Public Works recently awarded a general contract to the Bowen Construction Company, St. Louis, at a total cost price of approximately \$600 calling for a reinforced concrete smokestack to replace the present sheet steel stack.

A sub-contract was awarded by the Bowen company to Service Construction for building the footing, and workmen yesterday began the task of driving the necessary piling. A huge circular hole having a depth of four feet has been excavated and stakes set marking the final location of the underground supports. Piling arrived Monday morning on two flat cars, and by 6 o'clock Monday afternoon the entire lot had been unloaded at the site, and four of the 50-foot creosoted timbers had been pounded into place to an average depth of 47 feet below the ground line. Tests made by the Fuller Engineering company, St. Louis, indicated the necessity of going to that depth to insure a secure foundation for the stack which will weigh hundreds of tons.

According to the plans of the construction company the piling will be covered by three concentric layers of concrete, the first covering the area of the base and the other two inset approximately one foot.—Poplar Bluff Republican.

GOVERNMENT TO BUY SCOTT COUNTY CATTLE

Between 200 and 250 drought stricken cattle, badly in need of larger quantities of feed and water, will be bought in Scott county by representatives of the federal government and shipped to suitable grazing grounds, according to R. L. Furry, County Agent.

Detailed plans for the scheme have not yet been formulated since Scott was accorded government aid only last week, but as appraiser, R. Q. Black, of Olan, will begin soon to make a complete survey of the county to determine which cattle shall be shipped.

LOSES FINGER WHEN CAR HITS TREE AT BLODGETT

Eugene Lynch, a resident of Blodgett and an employee at the International Shoe Factory here, suffered the loss of a finger and injury to another when an automobile which he was driving struck a tree in Blodgett at about 3 o'clock Wednesday morning. At Sikeston, where he came for treatment, Dr. T. C. McClure amputate the first finger of Lynch's left hand, since it had almost been cut off in the accident, and bandaged the second finger, which was partially severed, also from the left hand.

CONRAN GIRL KILLED BY TRUCK NEAR STANLEY

A 13-year-old resident of Conran, Daisy Ahart, was almost instantly killed on Highway 62 near Stanley Tuesday evening, when she was struck by a passing truck. After attending church services in Stanley, where she was visiting, Daisy had started to walk

along the pavement when the truck appeared. The driver of the machine which hit her, did not stop after the accident.

HEAT, DROUTH IN STATE WORST EVER RECORDED

One of the warmest weeks ever recorded in Missouri during August is drawing to a close and people in all sections are suffering in intense heat. It is now believed that the heat and drouth of 1934 have exceeded the previous worst spell of the kind in 1901.

Except on one or two days high temperatures throughout the State were 100 degrees, with 113 recorded in Macon, 112 in Chillicothe, and 110 in Kansas City and Unionville on Monday.

Although recently this part of Southeast Missouri and some of the east-central section of the State were favored with rain, the other districts are still badly in need of moisture. The total rainfall for the State for July was only 1.11 inches, the second smallest July total on record and a little more than the 1930 total of .97 of an inch, according to Roscoe Nunn in his weekly weather and crop bulletin issued from the department of agriculture bureau in St. Louis.

During the first six days of August, the State average was .14 of an inch, making a total of 1.25 inches for a five-week period ending Tuesday. The total rainfall from April 1 until now is 8.76 inches, or 48 per cent of normal.

In some small areas the recent showers benefited forage crops, alfalfa, and even some corn, but on the whole corn suffered further deterioration during the week, except it did fairly well in some lower southeastern counties and in a few bottom lands of other sections. The crop generally is very poor, probably the poorest ever known in Missouri. Much corn is being salvaged for immediate feeding to stock or for silage. Some very light third cuttings of alfalfa were made this week. Pastures are entirely dried up except in a few favored spots. Apples are badly damaged by heat and drouth and forest trees are showing signs of dying in some places. The water shortage became worse during the week, especially in the northern portions.

How To Save Money
Drivers who operate cars at high speeds have a much larger gasoline bill than is necessary. At approximately 30 miles an hour gasoline as well as oil and tires will last longer than at higher speeds.

Miss Emily Blanton and her house guest visited friends at Doniphan. Mrs. Arden Ellise accompanied them to Poplar Bluff, where she visited relatives.

WE THANK YOU!

and believe that the ticket selected in the primary Tuesday is an unbeatable combination of men who pledge ourselves to support the policies of the Democratic administration.

Again we thank you for your support and urge all Democrats to work from now until November to elect the entire ticket.

Pharris Ridge Personal And Local Items

Mr. and Mrs. Russell McCarty and son of Detroit, Mich., are visiting with the latter's sister, Mrs. Owen Johnson and family this week.

A revival meeting began Sunday evening at Croso school house. It is being conducted by Rev. Tyler of Boekerton and Rev. Sullivan of Morehouse. Everyone is cordially invited to attend.

Mr. and Mrs. Ace Simeor are visiting with their daughter, Mr. and Mrs. Russell Croso and children.

James and Aleen Adcock, Richard Hill, James Johnson and Zella Kem visited Mr. and Mrs. Chester Stafford and baby at Portageville, Sunday. Mr. and Mrs. Mrs. Stafford and baby accompanied them home for an extended visit.

Several from here have been attending the home coming in Morehouse the past week.

Mrs. Loren Moore and children of Big Opening spent several days of last week with Mr. and Mrs. Louis Kem and family. They were accompanied by Louise Kem, who will spend the week visiting relatives there.

Relatives of Farmington spent Saturday with Mr. and Mrs. R. S. Tetley.

George T. Johnson left Saturday afternoon for National Guard camp at Nevada.

Relatives from Kansas are visiting Mr. and Mrs. Clarence Lathom and children.

Mrs. George T. Johnson and baby are visiting with the former's mother, Mrs. Lathom, of Canaan, this week.

Among those who shopped in Sikeston Saturday afternoon were Mrs. Owen Johnson and children, Mr. and Mrs. Russell McCarty and son, Mr. and Mrs. W. J. Tetley and daughter, Richard Hill, Carl Watson, Charles Moyes, Mr. and Mrs. W. Larker and children, Mr. and Mrs. W. Pearson and son, Mrs. Charles Reed, Mr. and Mrs. John Croso and daughters, Mr. and Mrs. R. S. Tetley and children, Earl Tetley and Mr. and Mrs. Louis Kem and children.

Mrs. W. Pearson returned Saturday after visiting in Lamar, Ark. She was accompanied home by her daughter, Mrs. Cleo Reed.

Geneva Mansfield spent Saturday night with Edwyna Johnson.

Mrs. Ed Ford and Mrs. Henry Fowler shopped in Morehouse, Monday.

Mr. and Mrs. Louis Kem and son, Randolph, shopped in Sikeston, Monday.

Mrs. Loren Moore and children of Big Opening and Mr. and Mrs. Louis Kem and children visited with Mr. and Mrs. A. A. Kem in Morehouse, Thursday.

Personal And Society Items From Vanduser

Arthur Frye entered the hospital in St. Louis last Friday for an operation.

Mrs. Fern Woodward is to be admitted to the hospital in St. Louis this week for treatment.

Opal Crutchfield of Sikeston has been visiting Mrs. L. P. Guber, this week.

Miss Bernice Mize has been visiting at the H. M. Rhodes home in Cape Girardeau. Deloma and Monroe returned home with her to spend the week.

Dora Wilson has returned from Oran after a ten days' visit with relatives.

Nova Childers of Crystal City is visiting at the Dines Hale home.

Marion Darter of Cape Girardeau is visiting relatives here.

Ben Woodward has returned home from the forestry camps. He plans to get employment at Memphis, Tenn.

The Bob Guber family and R. V. Mize attended the picnic at McMullin Thursday evening.

Boss Fields' niece of Kentucky is visiting at their home here.

Mr. and Mrs. Dines Hale and Mr. and Mrs. Boss Fields made a business trip to Illinois Thursday.

Amon Batts' daughter, Freda, and little daughter, Barbara Lou, of St. Louis are visiting homefolks here.

Rev. Hubert Keasler of Sikeston preached at the Church of God Sunday night as the pastor, O. C. Lewis, was in Chicago.

Bernice Mize attended the funeral of Rev. H. J. Ball's wife, at Lutesville, Thursday.

Fritz and Henry Leuber visited in St. Louis this week.

Quite a number of our farmers have shipped car loads of melons this week.

The Myers family and Martin

Duncan attended a family reunion at Zaima, Sunday.

Mr. and Mrs. Smith Edmiston of Memphis, Tenn., spent last week-end with their parents here and at Morley.

Norman Summers of the CCC's spent the week-end here with his parents.

Those that spent the day at the Oscar Mize home Sunday were Mrs. H. M. Rhodes and children, Loretta, Deloma and Monroe; Mrs. C. B. Wright and Thurman Probst of Cape Girardeau, Mr. and Mrs. Everett Killiam and sons, J. E. and Charles; Martha Killian and A. A. Chaney of near Sikeston, Hayden Huffman of Grisham, Gene Berry, Audrey Unsell, Dora Wilson, Winfred Stacy, C. C. Hale and Glendon Stafford of Vanduser.

A black fly with a yellow tail bought at a ten-cent store in Kansas City, has been getting plenty of bass for M. J. Horney of Kansas City, who with his wife, has been occupying a cabin at Riverside Camp at Tuscumbia on the Osage River. Mr. Horney says that the Osage River below the Bagnell Dam resembles the Gunnison River in Colorado more than any other stream he has seen. According to L. A. Wright, editor of the Miller County Autogram, Mr. Horney, during a two weeks' stay on the Osage, caught 36 bass, the biggest one being a 13-inch black bass. He reports that the only lure he has used was the black fly with a No. 6 hook. Two Iowa fishermen made good catches last week including two bass which tipped the scales at 6 1/2 pounds, fishing at Riverside Park.

Ball Game Restores Son Lost 30 Years. Dramatic True Story of Child kidnapped by Gypsies at Last Restored to Parents. Told in The American Weekly, the Magazine Distributed with NEXT SUNDAY'S CHICAGO HERALD AND EXAMINER.

History records that the ancient Pharaohs used 100,000 slaves for 20 years to build the Great Pyramid of Egypt.

The star fish is a sea animal, not a fish.

Slim Pickens has bought another shirt, and a flashy necktie. Isaac Helwanger's wife on hearing of it said she actually believed after all the world was bound to go to the dogs.—Commercial Appeal.

The fire department came mighty near getting after Yam Sims at the picture show the other night, as he blocked the route to the fire escape by having his feet stuck out in the aisle.—Commercial Appeal.

Fairview News

Mrs. Geo. Hensley was called to Thebes, Ill., Wednesday because of the serious illness of her uncle, whom we understand is to undergo an operation.

The revival at Fairview is yet in progress. About fifteen have been converted to date.

Misses Beulah and Anna Lee Travelstead of Charleston and Jno. Travelstead of Sikeston spent Sunday at the home of John Taylor.

Archie Cook and sons, Hershel and Leo, daughter, Doris Jean, visited relatives in Arkansas the latter part of last week.

Grandpa and Grandma Beck, parents of Spurlin Beck, visited relatives in Kentucky last week.

We are sorry to hear that Emerald Duke is on the sick list.

Mrs. Lee Gray and daughter, Louise Coleman, are visiting relatives in Kentucky.

Henderson Howard made a business trip to St. Louis, recently.

W. Earl Taylor of Leroy, Ill., visited his brother, John Taylor, Tuesday night.

Born to Mr. and Mrs. Vernon Ayers, a son, Friday, August 3.

Kennett, August 6.—While their father, Charles Beck, looked on, Billy Beck, Louis "Pig" Beck and Emory "Slim" Beck, yesterday afternoon poured a fusillade of bullets into the body of Tom Hudgins, 20-year-old son of a blind widow, as he sat in his automobile on one of Clarkton's main business streets, killing him instantly.

The shooting, which occurred in front of Dunn's store about 5:00, was the result of family trouble of about a year's standing, said to have originated over objections of the Beck boys to Hudgins' attentions to their sister. According to Jim Nettleton, an eye witness, who testified at the coroner's inquest, Charles Beck and his three boys walked up to Hudgins as he sat in his automobile and an argument of some duration ensued. Finally the Becks left but returned shortly and again approached the automobile. Without a word the three boys drew revolvers. William Beck, according to Nettleton, fired two shots into Hudgins' body.

Mr. and Mrs. C. T. Keller and Miss Ruby Evans, who were severely injured in an automobile accident at the north edge of town Sunday evening, are recovering steadily at their homes, according to attending physicians.

Their wounds are healing, and although they are not yet entirely free of pain, they are able to sit up and to walk about for short periods.

Byron Bowman and Franklin Moore, who suffered slight sprains in the accident, returned to work earlier in the week.

Funeral services were held Monday morning at the home with Rev. Wade Freeman in charge. Interment in Clarkton cemetery.

A coroner's jury returned a verdict of first degree murder and ordered Charles Beck and his son held. They were not permitted bond.

Accident Victims Improving

IN AND ABOUT TOWN

Mrs. C. M. Harris, Phone 581, Local Reporter

Atty. and Mrs. J. M. Massengill returned Monday from Shaffner, Tenn., near Union City, where they had attended a family reunion held at the home of Mrs. Massengill's mother, Mrs. J. R. Cheatham.

Mr. and Mrs. L. L. Conatser and son, Larry Lee, visited in Parma and Bernie, Sunday.

Mr. and Mrs. Bob McCarty and daughter, Miss Zella, Miss Melba Taylor and Miss Geneva Patterson shopped in Cape Girardeau, Monday.

A letter received this week by Mrs. S. E. Reed stated that her son-in-law and daughter, Mr. and Mrs. L. U. Fourny, of Monroe, La., are spending their vacation at Galbraith Springs, Tenn.

A Bill Bowman of Montgomery, Ala., is ill at a hospital in Bloomington, Ill., suffering from typhoid fever. Mr. and Mrs. Bowman had been at the Century of Progress Exposition at Chicago, and were enroute to Sikeston, last Friday, but he became so ill they had to stop at the home of his sister, Mrs. L. P. Hullick in Mansfield, Ill., and later was taken to the hospital at Bloomington.

Mrs. Charles Lindley will entertain her bridge club and guests this afternoon.

Mrs. C. L. Blanton, Jr., and children, left for Troy, Mo., Thursday afternoon, where they will visit with Mrs. Blanton's parents, Dr. and Mrs. W. P. Smith. C. L. drove them to Troy and from there he will go to Jefferson City, where he has been called by Wallace Crossley.

Miss Ruth Allard of Kalamazoo, Mich., arrived Wednesday night to attend the funeral of her uncle, Fred Allard.

Mrs. Ernest Tongate and Mrs. C. C. Scott entertained at bridge last night at the latter's home.

Mr. and Mrs. Everett Lemons and children left yesterday morning for their home at Springfield, Ill., after a week's visit here with Mrs. Lemons' parents, Rev. and Mrs. Finis E. Jones, and other relatives.

J. H. Fowler went to Cape Girardeau, yesterday, where he entered the St. Francis hospital for an operation. He will undergo the operation today (Friday).

Mrs. Charles Albright of Morehouse, who has been ill the past four weeks with typhoid fever, is reported now as doing fine. Eugene and Janet, children of Mr. and Mrs. Albright are at the home of their uncle and aunt, Mr. and Mrs. P. H. Stevenson, in this city during their mother's illness.

Mrs. W. O. Carroll entertained at bridge Wednesday night.

Mr. and Mrs. Charles Boyce visited with Mrs. Z. E. McAmis and son, Edwin Earl, at St. Francis Hospital, Cape Girardeau, Wednesday night.

Mr. and Mrs. W. E. Hollingsworth left yesterday afternoon for Fayette, Mo., to accompany home their daughter, Miss Wooten Inez, who attended the summer term at Central College.

Mrs. A. J. Day arrived home Sunday from Heber Springs, Ark., where she had visited the past five weeks with her mother, Mrs. Wm. Burns.

Mr. and Mrs. W. E. Hollingsworth went to Camden, Tenn., Tuesday morning, to attend the funeral of Mrs. Hollingsworth's great-uncle, G. B. Greer. They returned home that night.

FOR RENT—2 furnished rooms for light housekeeping on first floor. Phone 361 or see Mrs. Thomas Meyer on N. Prairie. tf-90.

LEGION AUXILIARY WOMEN OF DISTRICT MEET HERE

Representatives of American Legion Auxiliary units of the fourteenth district, met here on Thursday afternoon to select a district committeewoman to succeed Mrs. Henry Haman of Cape Girardeau, who is retiring.

Before the session, the women gathered for luncheon in the coffee shop of the Hotel Marshall and at the conclusion of the business meeting which was held on the second floor of the hotel, they heard an address by J. Grant Frye of Cape Girardeau, State commander of the American Legion.

The following women attended: Mesdames Tom Roberts, Earl Johnson, Tanner Dye, Oscar Carroll, Robley Lennox, C. L. Blanton, Sr., Harry C. Blanton and G. W. Presnell, all of Sikeston; Mesdames Charles Hahn, Herman Proffer, Max Clodfelter and Robt. Lincoln, all of Dexter; Mesdames J. F. Briggs, M. E. Gise and W. O. Finney, all of Chaffee, and Mesdames J. Grant Frye, J. Martin Thompson and Henry Haman and Miss Helen Batjer, all of Cape Girardeau.

MEXICO TO SPEND FIFTH OF BUDGET ON EDUCATION

Mexico, D. F.—One-fifth of Mexico's Federal budget during the next six years will be spent for education and cultural purposes, Minister of Education Eduardo Vasconcelos declared recently in commenting on the school program for the next presidential period.

Under a proposed amendment to the Constitution which will be presented to Congress this fall, primary school attendance is not only made compulsory but the basic structure of the primary school program is required to be "socialistic". This is in line with aims expressed many times by leaders of the National Revolutionary (administration) party.

In citing the varied forms of educational plans of the Government, including formation of a National Theatre Repertory Company, increased radio education program, and building of new primary schools, Vasconcelos stressed that the party leaders were intent on unifying the ideology of the educational institutions.

Following a cue from a recent radio speech by Mexico's "strong man", Gen. Plutarco Elías Calles, the Education Minister emphasized that all traces of religious influence were to be eliminated from primary schools.

NEARLY THIRD OF ARKANSAS COUNTIES ON DROUTH RELIEF

Little Rock, Ark., August 7.—

Nearly a third of Arkansas' 75 counties have been placed on the roll eligible for drouth aid through the FERA. Eleven counties are receiving emergency aid and 12 are on the secondary list.

Boone and Marion counties, formerly on the secondary classification, have been transferred to the emergency list, and Sebastian County also has been placed on the emergency roll. Cleburne, Benton, Carroll, Fulton and Izard Counties are others on the emergency list.

The 12 counties receiving aid as secondary units are Lawrence, Pope, Baxter, Madison, Newton, Conway, Crawford, Faulkner, Perry, Scott, Yell and Washington.

Farmers in the emergency group can be granted feed and seed loans and can sell their cattle to the Federal Surplus Commodities Corporation, while farmers in the secondary areas can be furnished only subsistence feed for livestock and poultry by the FERA.

ADDRESS: BOX NO. 111

THANKS

I thank each and every person who assisted me in any way in winning the Democratic nomination for Constable of Richland Township.

I will do my best to be fair and impartial in the discharge of my duties as Constable if you elect me in November I promise you efficient service.

W. O. "Bill" ELLIS

Midwest ICE CREAM

BETTER ICE CREAM

At All Better Fontains

Served in All Restaurants

Special Pack Keeps Longer

Maybe we Americans aren't "connoisseurs" of wines, yet—but we are experts when it comes to eating ice cream.

And of all the experts, the Midwest fan is the one least likely to be fooled. Maybe he doesn't know it's the richness of the cream and pure fruit flavors and the perfect, sanitary methods, but he does know when it isn't Midwest. It may look and seem to be just as good, but the lack of perfect satisfaction is unmistakable.

THANKS!
To all who helped me in my race for Prosecuting Attorney in the primary I desire to express my deepest gratitude.
If elected in November I will do my level best to make the citizens of Scott county a good Prosecuting Attorney.
Yours very truly,
W. P. WILKERSON

THE EDITOR SAYS—

Many things come to the news-gatherers that are saddening. The untimely death of Fred Allard was a shock to the community and to friends who had known him for years. Polite and gentlemanly at all times, a good word and a smile for everyone. The passing of this young man is sincerely regretted by all. God works in a strange and mysterious manner, perhaps for the best. We know not.

The primary campaign just closed was very bitter and very nasty in some respects. This sort of stuff leaves a bad taste in the mouths of many voters that may be reflected at the polls in November.

A great big strapping young man wearing an overall suit has been making Sikeston regular, begging for money. He blew into The Standard office Tuesday asking for money and as it happened, he struck the editor and after one whiff of his beery breath, he was ushered out of the office p. d. q. Give no panhandler a penny.

Few county printing offices in this section of the Central West that ever buy poster paper in ton lots, but The Standard is in receipt of a ton of 24x36 assorted colored poster, and it is paid for. Bring on your bill work.

Some funny things crop out at election times. At the polling place in Ward 4, a woman who was having her ballot arranged, when asked if she wished to vote for Fuchs or Malcolm, stated in a loud voice that she wanted nothing to do with Fuchs, that she had heard enough about him. Another woman, when asked who she wanted to vote for, stated she didn't want to vote for any candidate that Old Man Blanton wanted. This shows how Ed Fuchs and The Standard editor stand in the affections of some folks.

Ward 2 in Sikeston has been a hot spot in election days for a long time, and Tuesday was no exception. Charges of repeaters have been hurled at this Ward for many years. Several negroes from the Rootwad vicinity who had already voted out there drove to Sikeston with the intention of repeating in Ward 2, but the telephone had tipped the intentions and they were headed off. For one, we think they should have been permitted to have voted then carried them to the Benton jail and put them in the penitentiary. Then it would have been in order for a horse whipping to those who attempted to commit this offense. Too much money to some negro voters have ruined them.

In twenty Southeast Missouri Counties the Democratic vote is in the neighborhood of 58,000. With this vote hooked up with the vote of Kansas City and Jackson County this section of the State could always have a say in State Democratic politics. As it is, we are way off down here without a chance of recognition unless we organize and combine with an outside machine. The Kansas City machine is functioning 100 per cent and as long as we can't beat them, let's join them.

Fred Schorle and part of his family, of Mt. Vernon, Ill., visited in Sikeston the last week-end. Fred has taken on a lot of flesh since leaving Sikeston which goes to show that he is being well fed.

The Government plans to butcher and freeze 60 head of cattle every day in Southeast Missouri and the only two abattoirs in this section able to handle that many cattle are located in Cape Girardeau, one the Miles Packing Co., the other the Southeast Missouri Packing Co., one owned by Republicans, the other by Democrats. Without bids, we are informed the Republican institution is doing all the butchering and packing. There is supposed to be no politics in relief work of any sort, so bids should have been asked for, or the business divided. And, again, perhaps one was not properly equipped to do the work and the other was.

As time rolls around and the watermelon season is with us, so is our friend, S. A. Presson, with the Presson Favorite melon. A choice one, for this season, was presented Wednesday. Drive to his place at Miner and select the one you like best.

If there be any sore spots following the primary, use some sort of healing salve, and take it easy. Equal parts of alumcrasfer fat, pohoo dust and chigger grease will heal and hair over a cat's eye in one night. Try it on your feelings and get behind the nominees.

Children who use the streets as playgrounds are running the risk of death and injury. Last year 1680 were killed and 48,100 injured while playing in the streets.

More than 3300 pedestrians were killed in automobile accidents last year crossing streets in the middle of the block.

Kid Boots Ace, the Boston bul-terrier which was dognaped from its owner, Louis Rudinsky of Winthrop, Mass., last February, has been returned and the reward of \$250 has been paid.

Stokes shortly after he won first prize at a Chicago kennel show. The name of the dognaper has not been revealed.

SIKESTON STANDARD

Southeast Missouri's Leading Semi-Weekly

VOLUME 22 SIKESTON, SCOTT COUNTY, MISSOURI FRIDAY MORNING, AUGUST 10, 1934 NUMBER 90

PRIMARY TUESDAY BRINGS OUT HEAVY VOTE; TRUMAN WINS SENATE NOMINATION; FELKER, WILKERSON, HENRY, ELLIS WIN

JUDGE HARRY TRUMAN

While thermometers soared Tuesday, voters of Scott County went to the polls to choose their officers for the next terms. Partly because of the heat, it is thought, the balloting was rather light and orderly, for the most part, although several minor encounters occurred.

While Judge Harry Truman of Independence, the new Democratic nominee for United States senator from Missouri, carried the county by a comfortable plurality of 1017, according to an unofficial count, former Congressman Jacob L. Milligan of Richmond easily led in three of Sikeston's four wards. Truman's strength was registered chiefly in the northern part of the county, especially in Farnfeld, Illmo, Benton, Morley, Commerce and Oran, where he emerged far ahead of his nearest competitor. Truman's Scott county total was 2663; John J. Cochran's, 1088; Milligan's, 1646; and James Longstreet Cleveland's, 120.

Charles Lee, who has been State Superintendent of Schools for numerous years, led his two opponents in his race for re-nomination on the Democratic ticket by a plurality of 2993 in Scott county, for Lloyd King of Monroe City trailed with 1023 and Grover M. Cozear of Fredericktown, Southeast Missouri's candidate for the nomination, with only 602.

Eugene Munger of Chaffee, led Orville Zimmerman of Kennett by a plurality of 538 in his home county during the race for the Democratic nomination for congressman from the new tenth district. He easily led in his native city, and in Farnfeld, Illmo and Vanduser, but he carried only one ward in Sikeston, the third, and trailed Zimmerman in Benton, Morley and Oran. His Scott county total was 2655; that of Zimmerman, who carried every county in the district except two 2117; and that of Stokely, 1183.

C. C. White of Sikeston, won the Democratic nomination for county representative in the Missouri legislature from Tom Lett of Morley by a majority of 535. He captured almost all the Sikeston votes and managed to maintain almost an equality except in Farnfeld, Illmo, Chaffee, Morley, and Oran, where Lett piled up large majorities. The total vote, according to the unofficial count, is White, 3368, and Lett, 2833.

J. W. Heeb of Chaffee, running for re-nomination for the Democratic candidate for presiding judge of the county court, defeated L. A. Schott of Benton by a majority of 474, taking several towns in the northern part of the county and almost equalling or a little surpassing Schott's votes in the others. His total was 3138 as opposed to Schott's 2664.

T. F. Henry carried all Sikeston wards, McMullin, Blodgett, Rootwad, Miner, Crowder, Diehlstadt, and Commerce, and tied his opponent, John A. Young, 8 to 8 in Lusk, the only other community in the district in his race for judge of the county court from the first district. His total vote, according to the unofficial count, was 1676, as opposed to Young's 1016.

In the contest for prosecuting

attorney, W. P. Wilkerson of Sikeston nosed out W. L. Oliver of Oran by a majority of 504. Carrying Sikeston, Rootwad, Miner, Crowder, Commerce, Farnfeld, Illmo, Benton and Morley, Wilkerson piled up 3410 votes, even though he lost in McMullin, Blodgett, Diehlstadt, Lusk, Ance, Chaffee, New Hamburg, Vanduser, Oran, Bleda and Perkins to Oliver, whose total was 2906.

J. Sherwood Smith gained the Democratic nomination for clerk of the County Court by a plurality of 1297 from Hal Boyce of Morley and Roy A. Green of Blodgett. He led by large counts in Sikeston, Commerce, Kelso, Farnfeld, Illmo, Chaffee, Benton to pile up a total of 3007 votes against 1678 for Boyce and 1710 for Green.

The nomination for collector was won by C. E. Felker of Sikeston by a plurality of 453 from his nearest opponent, Tom Scott of Benton. Felker carried Sikeston, Blodgett, Commerce, Farnfeld, ward two in Chaffee, Morley, Vanduser and gained a total of 2720 votes. Scott chalked up 2268, and William Oliver, 1634.

Joseph W. Myers, William S. Smith, and H. A. Walton retained their offices of justice of the peace when voters ranked them in three high in their race. W. H. Carter, police judge, recorded 883 votes, while Myers had 1117, Smith, 1023, and Walton, 997.

By a majority of 860, W. O. Ellis defeated Brown Jewell, the incumbent, for the Democratic nomination for constable of Richmond township. Ellis carried all the towns in the township as well as Sikeston, to record a total of 1516 votes against 656 votes for Jewell.

Pleas Malcolm, leading in all the Sikeston wards and in all except one of the surrounding communities, won the Democratic nomination for committeeman of the township from N. E. Fuchs. The total vote was 1239 for Malcolm and 747 for Fuchs.

A list of the unofficial Scott county votes by precincts is printed on this page.

Farmer Fatally Hurt In Wreck In Illinois

Edward Lackey, 61-year-old farmer who lived two miles north of Brown Spur, died in an Eldorado, Ill., hospital at 4:20 o'clock Wednesday afternoon of injuries which he sustained in an automobile accident near Eldorado Tuesday afternoon.

His back was broken and his whole body paralyzed below the chest.

With a son, Mr. Lackey was returning from a visit to relatives in Bedford, Ind. As he drove south and attempted to pass a coal truck on Route 1 near Eldorado, at about 2 o'clock Tuesday afternoon, he collided with the machine. His son was uninjured, but at the hospital, physicians stated Lackey's condition was critical. He died about an hour before John Albritton, who was taking his ambulance to Eldorado to return Mr. Lackey to his home, arrived at the hospital.

Born in Bedford, Ind., on January 5, 1873, Mr. Lackey had been a resident of Missouri for fourteen years. Before he moved to a farm near Sikeston six years ago, he lived at Clarkton.

He was a widower. Surviving are three sons, Forest Lackey, of Matthews, and Doyle and Lloyd Lackey, both of Bedford, Ind.; three brothers, Erie, Elbridge, and Howard, all of Bedford; and a sister, Mrs. Bonnie Clark, also of Bedford.

Funeral services will be conducted at the Rootwad Baptist church this afternoon by the Rev. D. M. Margraves of Aniston, Burial will be in Memorial Park Cemetery here. Abolition service.

GOOD ROADS CONDITIONS FOOL MANY MOTORISTS

When roads are wet or are covered with snow the fatality of fatal automobile accidents to the total number of accidents under such circumstances are less than the average for all accidents combined. But when roads are dry or icy, the ratios of fatal accidents to the total number of accidents under such circumstances are greater than the average. On icy road surfaces drivers encounter difficulty in keeping their cars under control. This is due to the tendency of cars to skid and the inability of drivers to stop a car as quickly or as safely on icy roads as on dry surfaces.

There is no reason why the fatal accident experience when roads are dry should be worse than the average. When road conditions are safe, drivers are lulled into a feeling of security. Eternal vigilance is the price of safety.

Mrs. Frank Emerson of Morley visited friends in Sikeston, Monday afternoon.

Front Street Parking To Be Changed Again

At the petition of merchants whose stores are located on the south side of Front street, between Kingshighway and North New Madrid, steps were taken at the City Council meeting Wednesday night to change in some manner the parking system inaugurated on that thoroughfare earlier in the summer.

An ordinance, which will be formed today, will be presented to board members at a special meeting to the Council tonight for discussion and possible approval. It is thought that parking on the south side of the street will be allowed again.

The petition, given to Councilmen at their session Wednesday by Charles H. Butler, operator of the Calico Market, reads:

"We, the following citizens of Sikeston, respectfully petition the honorable mayor and City Council to remove the present 'No Parking' ruling now applying to the street directly in front of our respective places of business. This applies particularly in front of the Beck building, facing Front street. The present 'No Parking' ruling is very injurious to our business as no one is permitted to even stop long enough to enter any store in this building."

It was signed by Mr. and Mrs. Charles H. Butler, Lyman W. Mitchell, Mr. and Mrs. R. H. Joyner and J. Wolf.

An ordinance, passed unanimously by the Council Wednesday evening, amended another ordinance which authorizes licenses for automobiles, businesses, and

occupations to provide "that the Western Union Telegraph, the Postal Telegraph and Cable Company, and all other wireless telegraph and cable companies, corporations, and associations shall pay an annual license tax of \$50 per year."

Two other ordinances, approved Wednesday, provided that the Bank of Sikeston be the depository for city funds until July 1, 1935 or until a new depository is named, and authorized the mayor and city clerk to enter into a contract with the Bank of Sikeston concerning security for the city deposits and provided that the Mercantile-Commerce Bank and Trust Company of St. Louis be made the escrow party to hold recourses put up in place of a depository bond.

A suggestion by C. L. Blanton that money be appropriated for the construction in the City Hall of a women's rest room was referred to members of the building committee, and an additional plea by E. D. Laird and E. F. Schorle, representing the Chamber of Commerce, that an ordinance requiring Sikeston residents to place numbers on their houses and be enforced and that the city appropriate money for street signs to be placed at least in the business district of town, was tabled temporarily.

After approving July bills and hearing requests of visitors at the meeting, the Councilmen went into executive session. Members of the Board of Public Works have been invited to attend the special gathering of the Council tonight.

DOG BITES SEVEN PEOPLE

Seven persons were bitten by a slender black mongrel dog which ranged the streets of Sikeston early Tuesday evening before he was finally shot by Constable Brown Jewell in front of the home of Mrs. Ruth Malone at 125 South Scott Street.

An examination by Dr. C. T. Old, veterinary, disclosed that the dog, whose owner was not known, was made, and Thursday morning, those who had been nipped by him began to take treatments for the prevention of rabies.

Appearing in the north part of town, the dog loped through the business section, biting people as he went, while Jewell and Night Marshal Gid Daniels pursued him, unable to fire because of the crowds downtown. At about 7

o'clock, the officers found the dog going west in the south part of the city and shot him.

Three Chicago attorneys—Geo. I. Haight, B. F. Goldstein and Edmond D. Adcock—were awarded a fee of \$1,522,500 for their services in obtaining refunds of \$20,700,00

Some queer things happen. Monday evening a couple of ladies who have charge of Sunday school classes were preparing a novel entertainment for the pupils and proposed that each pupil bring some antique to the party. The ladies thought to bring something unusual called on The Standard editor to let them have a suit of his red flannel underwear that has frequently been mentioned. We had to plead guilty of not having the article, but offered to lend them the pants presented by the girls of the Sterling Store.

The reason O. E. Lathom, of The Standard force, has been stepping high, wide and handsome, is over the news that his daughter, Grace, the wife of E. M. Kaczmarek, of Los Angeles, Calif., had presented him with a grandson on August 3.

It is very pleasant to be remembered by one's friends, especially if it be a pretty young Miss. Monday afternoon Mildred Scherer, daughter of Mr. and Mrs. Sherdon Scherer, brought to the editor a fine lot of luscious Japanese plums ripened to a turn.

There's nothing more disconcerting than to get agitated about something that is none of our business and then discover that we have been sounding a false alarm. If you don't believe this, ask some of these gentlemen who have been denouncing the heartlessness of Government plans for exiling farmers from drouth areas to regions where living will be easier.

Just as these denouncers were about to go crazy from grief and rage, Secretary Wallace announced that no such plan had ever been discussed. The Government will help those who wish to move to more favored regions. Those who prefer to tough it out in stricken areas will not be molested. Human nature is such that the home place, in the midst of direct privations, is a dearer spot than a mansion in the midst of plenty elsewhere.—Paris Appeal.

The text about being "fearfully and wonderfully made" applies especially to young babies. We knew that young babies have big brains, in proportion three times bigger than the adult brain, which makes it dangerous to excite them, sending all the blood to the young brain, away from the small stomach. We knew also that a baby has an enormous liver, far bigger in proportion than his father's, in which enough iron is stored up to take him through his milk diet days, milk containing no iron, although otherwise a wonderful food. Only now do we learn, from scientific highbrows of the University of Strasburg, that infants, up to the age of five months, manufacture in abundance their own vitamin C, essential to life and later extracted from orange juice, fresh vegetables, fruit, tomato juice. Without this vitamin, young children would die of scurvy diseases. They gradually lose the vitamin C producing power, between five and 14 months of age. And that food must supply the vitamin. Remember that, in raising your baby.—Arthur Brisbane.

EXPLANATION

The information that the business accounts of Norvell Fant were found short was not given The Standard office by Harley Estes, but by another employee of the Simpson Oil Company.

Joins Union Central Staff

Harold M. Holbert, of Oklahoma City, Okla., who has been with the Financial Department of the Metropolitan Life Insurance Company for the past several years, has joined the Union Central Life Insurance Company forces and will be stationed at Sikeston.

After fifteen years of experimenting, two Australian inventors have perfected a sugar-cane harvester which does the work of between 200 and 300 laborers.

According to C. O. Booker, garden supervisor and Mrs. Lois Ruff of Doniphan, the Ripley county canning program is under full steam. A total of 3888 cans of berries, fruits and garden truck, has been turned out by the canning kitchen up to and including Thursday of last week. The detailed list of canned stuff includes 717 quarts of beans, 1380 quarts of berries and 1791 cans of corn.

Sikeston Standard, \$2.00 a year.

JAMES' VERSION

As Translated by James Hula, Jr.

After a night like the last, I have decided that one of life's greatest privileges is to be able to take your teeth out of your mouth and put them in your pocket or, in a coffee cup up in the pantry along-side of the sugar can, where grandma kept hers.

A child of exceedingly poor parentage was seized a year ago with an attack of measles, so I was told, and since then it has not the least use of its limbs. To the laic eye the case borders on meningitis, as the child at times draws backward and is not able to rest until it is turned. I have never had a thing to effect me as the sight of this four-year-old child.

lying in a crib practically withering away. The father told me that a competent physician guaranteed a cure if he would continue to bring the child to him for treatments, but the destitution of the parents does not permit them to do so. What society attends to pitiful cases such as this?

Reverie

I wonder if the hills will miss the pine once it is gone, or the ravine the creek when it fades with the summer's drouth oncoming? Or the dew, the roses when winter's here, or the mate its companion partridge drumming? Or, am I a fool that lives to pay—for the blisses of another day?

Washington Comment

During his voyage to the Spanish Main, the President paid a visit to a leper colony. The prospect must have been distressing to him, yet the incident is not without a teaching which embodies much of hope and upward look, generally considered. Anyone who wishes to ascertain what happened to lepers a while ago can consult a document dealing with the dreaded disease, that document being several thousand years old, and to be found in almost every home. It is the Holy Bible. Times may be hard, wars and rumors of war may still abound, and men may manifest an unpleasant inclination to cheat each other when opportunity offers; but when the ruler of a great nation can walk without fear through a village peopled by those smitten with the scourge of leprosy and find them well-housed and receiving kind and enlightened scientific attention, there should be no doubt that the world is moving onward to a better and brighter day.

Once more, authorities are at odds. An official in Los Angeles is quoted as stating that college women make the worst wives. The judge of a Chicago domestic relations court says that college women give him less trouble than those of all other classes put together. The question, therefore, remains open. The same observation holds true with respect to another query which properly may be propounded in connection with the debate. What sort of husbands do the girls, whether collegiate or non-collegiate draw, when they thrust their husbands into the matrimonial grab bag?

A Washington radio announcer who stated through the microphone that the place in which he was working was dreadfully hot, received a telephone call in which he was asked to change the subject, since the psychological effect of his remark was bad. Psychology has come into prominence of late, and no doubt is entitled to the importance that is attached to it, but not even psychology should be permitted to kill so important a topic of conversation as the weather. Climatic conditions have bridged over many a wide chasm at a dinner table and elsewhere. Not everyone is a diplomat or a good conversationalist. Our right to talk about the weather now and then may not be guaranteed by the Constitution, but it should not be curtailed or infringed.

Some seamen from a United States vessel landed in Nice, France on a visit. Before they were shoved off, a row occurred and

the landsmen were beaten up. The affair was disgraceful and to be regretted, yet we have at least got a little something for our money.

Out in Arizona, a nineteen-year-old boy who had committed murder was led to the gas chamber, and passed from Here to There in a few seconds. Executioners make better time than they used to. It took several days now and then to put a man out of business on the rack. Burning at the stake occupied an hour or two if the wood was green or it happened to rain. Regardless of whether criminals are dispatched rough-handed or humanely, the workmen perish but the work goes on. Just indignation occasionally prompts one to wish that crucifixion were back on the statue books. When cool reason resumes control and prompts a candid survey, the thinker may arrive at the conclusion that capital punishment has not made out its case.

According to a column heading, Japan pledges fresh friendship with the United States. The friendship will be welcome, but it should not be too fresh.

Russia is said to have an auto which can be operated on land or on water. If a vehicle of that kind comes into use, both sailors and motorists will have to learn a new language. The left-turn sign on the highway may become: "Sheer off to port." Who would feel at home with a sea story in which the skipper's voice rose above the tempest in an order to pump up the tires? Such historic and ringing messages as: "We have met the enemy and they are ours," or "England expects every man to do his duty," will degenerate into: "Our opponent ran out of gas at four o'clock and we bent his front fender shortly thereafter." Soviet communism may have to be accepted, but the first work of the Congress that convenes in the fall should be to put a definite stop to the introduction of the amphibious Soviet automobile.

SISTER SYLVIA DIES AT RED BUD CONVENT AFTER AN OPERATION

Word was received here today by relatives of the death early Saturday morning of Sister Sylvia, Miss Ottillie Diermberger, of New Hamburg, in Scott County, who died in the convent near Red Bud, Ill., where she has been a nun for fifteen years. Death was due to an internal tumor, for relief of which she underwent an operation Monday morning in a hospital at Red Bud. She had been

She leaves her mother, Mrs. Catherine Diermberger of New Hamburg; four sisters, Mrs. Phil- ter of New Hamburg; Mrs. Lillian Schlitt and Miss Annette Diermberger of Cape Girardeau, and six brothers, Joe, Mike, Cyrell, Claude and Jerome Diermberger of New Hamburg and Sylvester Diermberger of St. Louis.

Funeral services were conducted Monday morning at 8 o'clock from the convent at Ruma, six miles from Red Bud.—Cape Mis-sourian.

Sister Sylvia was a niece of Mrs. Anton Miederhoff of Sikeston.

Those from this city who attended the funeral were: Mrs. Anton Miederhoff, Mr. and Mrs. Jack Miederhoff, Mrs. Frank Hoeller and Mrs. Joe Miederhoff.

ALMARINE PRUETT

Funeral services for Almarine Pruett, 62-year-old farmer, who died of heat exhaustion and a mile form of carditis at his home in Big Opening Monday afternoon, were held at the residence at 10 o'clock Tuesday morning, the Rev. Sailors officiating. Burial was in Dogwood cemetery.

Mr. Pruett is survived by two children, four brothers, two sisters, and his father. Welsh service.

100 TO COME HERE ON BLUFF GOOD-WILL TOUR

Between 75 and 100 members of the Poplar Bluff Chamber of Commerce and city leaders are expected to come here during the Chamber's second good-will tour of the district August 21. Soon after the men arrive at 11:45 o'clock in the morning, the

Poplar Bluff band will play, a welcome will be extended by a Sikeston official, not chosen yet, and a response will be given by a member of the tour. When the band has given several additional selections, the tourists and Sikeston leaders will gather for luncheon.

The itinerary of the trip is printed below:
Fisk—8:15 to 8:30
Dudley—8:45 to 9
Dexter—9:15 to 9:45
Bloomfield—10 to 10:30
Essex—10:45 to 11
Morehouse—11:15 to 11:30
Sikeston—11:45 to 1:00
Morley—1:20 to 1:45
Oran—2:00 to 2:15
Delta—2:45 to 3:00
Advance—3:15 to 3:30
Zalma—4:00 to 4:15
Puxico—4:45 to 5:00

OF INTEREST TO WOMEN

Twins, a girl and a boy, were born recently to Senora Rosario Lantaz, 70 years old, in the small town of Michihuana in the State of Tamaulipas, Mexico.

Rio Piedras, seat of the University of Puerto Rico, has a woman mayor, the only one in the island. She is Augustina Camara, an accomplished lawyer.

The thoroughbred horses of Mrs. Isabel Dodge Sloane have won all four of the important fixtures for 3-year-olds this year—the Florida Derby, the Wood, the

Chesapeake Stakes and the Kentucky Derby.

Connecticut's oldest resident and probably one of the few women in the United States to reach the age of 104, is Mrs. Eliza Gage of Ridgefield. She has been a vegetarian for years and never drinks water.

Mrs. L. L. Blankenburg, aged 89, of Philadelphia, Pa., is America's oldest active member of the General Federation of Women's Clubs. She has attended every meeting of the organization since it was founded in New York City in 1889.

Widows in Nanking, China, have

Stop Chills and Fever!

Rid Your System of Malaria!

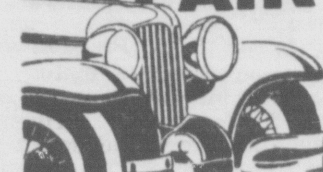

Shivering with chills one moment and burning with fever the next—that's one of the effects of Malaria. Unless checked, the disease will do serious harm to your health. Malaria, a blood infection, calls for two things. First, destroying the infection in the blood. Second, building up the blood to overcome the effects of the disease and to fortify against further attack.

Grove's Tasteless Chill Tonic supplies both these effects. It contains tasteless quinine, which kills the infection in the blood, and iron, which enriches and builds up the blood. Chills and fever soon stop and you are restored to health and comfort. For half a century, Grove's Tasteless Chill Tonic has been sure relief for Malaria. It is just as useful, too, as a general tonic for old and young. Pleasant to take and absolutely harmless. Safe to give children. Get a bottle at any store. Now two sizes—50c and \$1. The \$1 size contains 2½ times as much as the 50c size and gives you 25% more for your money.

been granted complete freedom of choice whether they shall marry or remain single. Under the old custom a widow could remarry only under direct orders of the family of her late husband.

FARMERS' BUYING POWER WILL BE SUPPORTED BY GOVERNMENT PROGRAMS

Although crop prospects are among the chief factors in the outlook for fall business and although it is now certain that the crop out-turn will be one of the poorest the country has ever known, relief disbursements and benefit payments under the cotton, wheat, and corn-hog programs are expected to supplement the farmer's cash income so that his purchasing power may be somewhat maintained and otherwise devastating effects on business may be at least partially averted.

The drought has persisted over a great part of the plains area and eastward and has extended over almost all of Texas. Accompanied by record high temperatures, the July 1 crop estimates of the United States Department of Agriculture were far worse than the country was prepared for, according to a bulletin issued by the National City Bank of New York, for the combined crop of winter and spring wheat was estimated at 484,000,000 bushels, the smallest since 1893, and the corn crop at 2,113,000,000, the second smallest in almost as long a period. Cotton prospects in Texas have been seriously affected, and with the planted acreage reduced to 28,024,000, the smallest in thirty years, a greatly reduced crop seems probable. Further, it is now generally believed that most crops, but particularly that of corn, have vastly deteriorated since the department's estimates were made.

The cattle situation in the grazing areas is a worful one, due to shortage of grass and water, and the markets have been glutted with low-grade cattle, purchased in great part by the government relief agencies. There will be a smaller production of milk, eggs, and poultry during the next twelve months as a result of short feed crops, and a great reduction in pork supplies, since it is estimated that the number of hogs raised this year will be 30 per cent smaller than last, and the smallest in twenty years.

Reflecting these developments, farm prices generally have advanced, and for the first time have exceeded the peak reached on the speculative movement one year ago. It is sometimes represented that the short crops at higher prices will bring the farmer a greater income than a full yield at lower prices, and thus increase purchasing power. However, merchants who have to do business in the drought areas, among farmers who are dependent upon government relief, take a different view of the situation. Of course representations that the drought is anything but a calamity are untenable. Consumers will have to pay the higher prices, in addition to the taxes they are already paying upon flour, hogs, cotton and other products, and they will eventually have to pay, through

taxes or otherwise, for the relief; and the farmers themselves are consumers and tax payers. The principle involved is that higher prices resulting from crop failures are absorbed in higher costs to everyone.

Nevertheless, added to the hope of business sustained by the aid of relief and adjustment program payments is the fact that various markets have undoubtedly and steadily improved, though at great cost, some of them with balanced supply and demand for the first time in numerous years.

The wheat surplus accumulated since 1927 evidently will be completely absorbed within the next twelve months, leaving only a normal carryover. The cotton supply will be reduced to the smallest in four or five years. The pork surplus will likely be wiped out, and the downward turn in cattle numbers will come this year instead of one or two years hence, as a result of the forced slaughter.

Thus at one stroke the chief purpose of the efforts on behalf of the farmer, which is to eliminate the surpluses, is being accomplished, and obviously a question is presented as to the desirability of any other efforts in that direction. It is fortunate that there were reserves of farm products on hand this season, and the dangers in arbitrary crop limitation, after reserves are reduced to normal or below normal, are to be considered. One adjustment of the farm markets of the kind that has been achieved may be worth the cost. But a program of continuous limitation, dependent for success upon bounty payments which increase the farmer's return over what the free markets would give him, is certain to work at all only as long as the payments last; and if it is carried on too long it is equally certain that a season will come when it will work too well, cause a scarcity of farm products, and put the consumer at as great a disadvantage as the farmer was under when these efforts were begun.

Secretary Wallace had tentatively announced that the wheat adjustment program for the next crop would be the same as at present; namely, a reduction of 15 per cent from the 1928-32 average acreage planted, and a 30 cent processing tax to provide the benefit payments. What the result would be in case of another crop failure may be inferred, and the suggestion of such a failure may not be far-fetched, considering the deficiency of subsoil moisture that will be left after this season. There is reason to think that the Secretary is impressed by this possibility, and that the program will be adjusted to conditions as they are in the Fall.

Very few people were on the platform to meet the "Tickle" train Friday, as it came in on time.—Commercial Appeal.

LOCAL GOLFERS SWAMP CAPE DIVOT DIGGERS 78-4

Twenty-eight players from the Cape Girardeau country club came to Sikeston Sunday for a golf match with the local club members and were trimmed by what happens to be the most one-sided score of the year. Of the twenty-eight matches, Cape failed to win a single match, but four of the Cape men were able to take one point by winning one round of their match. It might be added, however, that three or four of the best shooters on the Cape Club were away on their vacations, and did not participate in this match.

Sunny Lee, caddy star of the local club, and George W. Kirk, veteran golfer, really "burned up" the local course, with sparkling performances Sunday afternoon. They shot the 18 holes in 68, or two under par of the course. These two players also broke the local course record for practice rounds during the past week, Lee getting a 66 on Wednesday of last week, and George Kirk coming along on Friday and duplicating that performance.

This happens to be four under par for the course, and is considered mighty fine golf. The 68's made by these two players ties the course record for tournament play, held by Bill Malone and Orville Lumsden.

In Sunday's match, Lumsden and Malone were right on the heels of the other two golfers with 69's, which is one stroke better than par. Lyman Bowman with a 72 and Harry Harty with a 73 turned in the next best scores. In Sunday's match, four of the local golfers shot the course under 70 and six shot the course under 75, which is considered very good golf. Thirteen of the local players came in with scores under 80. Capt. Butler of Cape Girardeau with a 74 was the best shooter for the visitors. Five of the Cape players had scores Sunday under 80. The local players will visit the Cape course for a return match on August 19.

Scores made and points won Sunday are as follows, with Sikeston players named first:

Sunny Lee	68	3

Fish Rescue Work Extensive

Game wardens and rescue crews from the State Game and Fish Department are now engaged in extensive fish rescue work from fast drying streams and lakes in many parts of the State. This summer has been especially hard on fish on account of the drought coming in the spring when, usually, streams and lakes are being filled with run-off rains, so everyone is urged to help rescue fish and transplant them to suitable waters. This also affords the opportunity of destroying turtles, predators of fish. It is believed another record will be established in the rescue of fish, exceeding last year's record a total of over three million game fish.

Four crews, including from two to four men each, are devoting full time throughout the State in

rescuing fish. Usually the majority of the rescue work necessary is done in drying bar pits and sloughs along the Missouri and Mississippi Rivers but this summer much of the rescue work has been necessary in the Ozarks. Crews have been working recently in Green, McDonald, Barton, and Dade counties. Much rescue work has also been done in Osage county where over 200,000 were saved last week and placed in the Gasconade and Osage Rivers. Wherever possible the fish rescued are transplanted into deeper holes or other living waters.

HOW TO MAKE THE MOST OUT OF YOUR GARDEN

With the drought broken in Missouri, and general rains reviving what was left of spring gardens and assuring good fall vegetable crops, housewives will soon turn again to their backyards for part of the day's food.

Sweet potato and tomato plants have suffered the least from the parching sun of the past weeks, according to field supervisors for the State Garden Program who inspect vegetable gardens in every part of the State, and they report that approximately one-half the normal yield of the two vegetables will be realized this year.

Tomatoes

Tomatoes, which can be eaten

ARE YOU ONE OF THE FEW TAX-DODGERS IN SIKESTON

who are failing to contribute your share of the cost of street lighting expense by refusing to patronize the Municipal Light Plant?

The patrons of Sikeston's Municipal Light Plant are paying this bill which should be a direct obligation of all of the city taxpayers.

See that your merchant and neighbor is on your line.

BOARD OF PUBLIC WORKS

HERE'S ONE FROM SIKESTON

"Dear Chief: Graham McNamee has told car owners time and again how much better their cars will run on Fire-Chief gas. You'd think everyone in this town would be using it by now—but there are still a few who will have to be told again. I know they, too, will appreciate the extra mileage and power Fire-Chief gives—as well as our courteous, helpful service.

Robert A. Dempster will be the
speaker, and his subject will be
"Tuning In on an Epworth
League".
Evening services have been dis-
continued for the summer months, to
continue through July and August.
E. H. Orear, Pastor

The Russell-Bradley Missionary
Society will hold its regular
meeting at the church Tuesday
night. All members invited.

FIRST BAPTIST CHURCH
9:30 a. m.—Sunday school. Ted
Higgins General Superintendent.
10:40 A. M.—Morning Worship.
Sermon by the pastor.
7:45 p. m.—Evening worship.
Pulpit to be supplied.
8:45—p. m.—B. Y. P. U.
LESLIE GARRISON, Pastor.

The T. E. L. class held its
monthly meeting Tuesday night
at the home of Mrs. L. T. Davey,
with Mrs. Lon Nall, assistant
hostess.

A towel and wash rag shower
was given for the Old Folks Home
at Ironton. The articles will be
taken to the Home, as at this
meeting, it was decided that the
class members would go to the
Home this Sunday for a day's out-
ing, taking with them baskets.
Cars will be provided. All will

meet at the Baptist church here,
and then go on to Ironton. A com-
mittee was appointed to name new
class officers for next year. The
September meeting will be held
at the home of Miss Rebecca
Pierce, with Mrs. Agie Hoffman,
assistant hostess. At this time a
"white elephant" sale will be held.
The Fidelis class meets on next
Monday night at the home of Mrs.
Verna Watson. Mrs. Edith An-
cell, assistant hostess.

PRESBYTERIAN CHURCH
Morning worship—9:00.
Sermon by the pastor. Subject:
"The Anchor That Holds".
Sunday school, 10 a. m.
Christian Endeavor—7 o'clock.
Evening worship—8:00. Sermon
by the pastor. Subject: "The
Gospel Lifeboat".
Wednesday evening, August 13
there will be an important meet-
ing of all the officers of the
church, the officers of the Sunday
school, the officers of the Wo-
men's Auxiliary, and the officers
of the Young People's Societies
at the church at 8 o'clock.
REV. DORSAY ELLIS, Pastor.

NAZARENE CHURCH
Sunday school and morning
services will be combined this
week, the service to begin at 9:30
with Dr. A. S. London. National
Sunday school evangelist of Kan-
sas City, bringing the principal
message at 10 o'clock. Services
will close at 11:30 promptly. Dr.
London and his wife will also sing
at this service.
Dr. London, who has been in
this work for a number of years,
is highly educated, having been
President of three different col-
leges, serving twenty years in
that capacity. He is a dynamic
speaker, deeply interested in Sun-
day school work, and gives special
attention to the children of
his audience. For the past week
he has been speaking in the
churches of this district. Mon-
day night he spoke at Poplar
Bluff, Tuesday night at Dexter and
Wednesday night at Malden.
Quite a number of the members
of the local church attend these
services nightly.

At 2 o'clock Sunday afternoon,
Dr. London will speak at a Zone
meeting to be held here, at which
the fifteen churches of Zone 5
will be represented.
The meeting of the Leadership
Training Class has been postponed
a week and will meet next
Wednesday night on account of
the messages being brought at the
various churches of the district by
Dr. London of Kansas City. Next
Wednesday the class will take up
the third book of the course en-
titled "Study of the Teacher". At

the conclusion of the study of the
fourth book "The Principles of
Teaching", the members will be
awarded a diploma with their first
seal. The members are working
for twenty seals, which, when
they have secured them, will
qualify them to teach in any Sun-
day school and they will be grad-
uate teachers in this work. Ac-
cording to the teacher and pastor
of the local church, Rev. C. F.
Transue, two more years will be
required in the completion of this
course.

A. B. PROFFER DIED IN DEXTER, MONDAY

A. B. Proffer, 66 years old, a
former resident of Sikeston, died
at his home in Dexter Monday af-
ter a prolonged illness of nineteen
months. Mr. Proffer had been
suffering from creeping paralysis,
which finally caused hardening of
the arteries.
For more than twenty years,
Mr. Proffer lived here, managing
the Goodwin-Jean Poultry House
and serving as an active member
of the First Baptist church and
of the I. O. O. F. lodge. About
nine months ago, he moved to
Dexter so that his two sons, Her-
man and Cecil Proffer, who live
there, could help Mrs. Proffer care
for him.
Funeral services were conduct-
ed at 2:30 o'clock Tuesday after-
noon at the Dexter Baptist church,
and burial was in the Dexter cem-
etery.

Besides his wife and two sons,
he is survived by two daughters,
Mrs. J. L. Smith of Kennett and
Mrs. D. L. Sanders of Poplar Bluff.
The following from Sikeston
attended the funeral: Mr. and Mrs.
Frank Mount, Mr. and Mrs. E. E.
Arthur and Mesdames W. O. Scott,
Gord Dill, Lizzie Scott, Guy Car-
ter, D. A. Reese, Gust Zacher, W.
R. Burks and J. H. Tyer. Hardy
Williams, C. W. Smoot, Frank
Dye and Frank Beasley, members
of the local Odd Fellow lodge, al-
so attended the services.

WINS RING IN RMA MEMBERSHIP DRIVE

Dempsey Gardner, rural route 3
of Sikeston, is among the prize
winners in the juvenile cheerio
membership campaign now being
conducted by Royal Neighbors of
America, fraternal insurance so-
ciety, with supreme offices in
Rock Island, Ill.
The youth is a member of camp
number 10210 of Sikeston. He
was awarded a boy's sterling sil-
ver signet ring for obtaining five
members in the drive.

Mr. and Mrs. T. A. Wilson and
son, T., came down from Jeffer-
son City to vote, returning Thurs-
day. So did Mrs. Lillian Wad-
low, Miss Eula Hahn and Miss
Mary Elizabeth Nolan.

Personal News of Sikeston

By Mrs. C. M. Harris, Phone 581

Our pit barbecue is really good.
—Fair Grocery, phone 25.

Mr. and Mrs. Herman Henry are
visiting the Century of Progress
Exposition at Chicago this week.

Mrs. Ed Albright, who had been
visiting relatives in Oklahoma
City, Okla., for the past six weeks,
returned home Wednesday. She
was accompanied home by her
daughter, Mrs. S. A. Finley and
son, for a two weeks' visit here.

Mrs. Norman Goeke, who with
her daughter, Ann, has been vis-
iting her parents, Mr. and Mrs. E.
J. Keith, here about a week, re-
turned to her home in East St.
Louis, Ill., Tuesday morning.

We have good pit barbecue.
Phone 25, Fair Grocery.

Mrs. Jack Johnson and daugh-
ter, Helen, Mrs. Mack Higgins,
Mrs. Joe Mathis and Miss Millie
Jones were visitors at the home of
A. B. Proffer in Dexter, Tuesday
morning, and Milburn Arbaugh,
Mr. and Mrs. C. M. Harris, Mrs.
Dean Marshall and daughter, Dor-
othy, on Monday night.

Miss Ann Beck and Miss Elean-
or Claire Joslyn of Charleston
were visitors in Cairo, Wednes-
day.

Pit barbecue, Friday and Satur-
day at Fair Grocery.

A. W. Roberts of Poplar Bluff
visited here Wednesday with his
daughter, Mrs. Loren Lee Ellis,
while enroute to his home from
Cooter, Mo. He went to the lat-
ter place Tuesday, being called
there by the death of his nephew,
George Roberts, who was fatally
injured Sunday when struck by
truck while riding a bicycle.

Mrs. Dewey Pittman and
daughter, Carolyn Sue, of Louis-
ville, Miss., arrived last Saturday
for a two weeks' visit with the
former's sister, Mrs. A. A. Har-
rison and Mr. Harrison.

Born to Mr. and Mrs. Z. E. Mc-
Amis, Wednesday morning, a son.
Mrs. McAmis and son are at the
St. Francis Hospital, Cape Girar-
deau.

M. M. Beck, Jr., who attended
the summer school at the Univer-
sity of Missouri, Columbia, is now
playing at Nevada, Mo., at the
Radio Park Lake. He is playing
with Earl Forster's Orchestra, and
this orchestra is composed of ATO
fraternity brothers of the Univer-
sity. He will be there during the
month of August.

CECIL LAWRENCE GIVAN

Cecil Lawrence Givan, 12-year-
old son of Mr. and Mrs. La nGiv-
an, died of a complication of dis-
eases at his home here at 5:20
o'clock Monday afternoon. He
had been ill for some time, suf-
fering with malaria and rheuma-
tism and later toxin poison and
an abscess on his brain.

Funeral services were conduct-
ed at 2:30 o'clock Tuesday after-
noon at the Church of the Naz-
arene here. The Rev. C. F. Tran-
sue, pastor of the church, who
conducted the rites, was assisted
by Henry Comer, teacher of the
Sunday school class to which
Cecil belonged, and twelve mem-
bers of the class acted as pall-
bearers and flower boys. Burial
was in Memorial Park cemetery.

Besides his parents, he is sur-
vived by four sisters, Mrs. Nola
Warner, Mrs. Roberts Warner and
Celesta and Orla Givan; two
brothers, Walter and Layman
Givan, and a grandfather, Demp-
ster service.

LEAVES FOR SEDALIA

Mrs. G. Moore Greer left
Tuesday evening for Sedalia,
where she will visit friends be-
fore establishing a temporary re-
sidence in the Woman's Building at
the State Fair, where she will
serve as hostess for a week be-
ginning Saturday.

Miss L. A. Myers, supervisor of
the negro schools of Scott Coun-
ty, will join Mrs. Greer Saturday
at the grounds and will serve as
Mrs. Greer's personal maid during
the period of the fair.

Football Boys To Meet

Coach William E. (Peg) Mahew
requests all members of the foot-

ball squad to meet him at the Sik-
eston high school building at 11
o'clock Sunday morning.

Miss Margaret Harris enter-
tained Wednesday at bridge, com-
plimenting Miss Lillian Bergman

of California. Mrs. T. A. Wilson
of Jefferson City was an out-of-
town guest.

I THANK YOU!

To all who supported me in the
primary I desire to thank and to
every voter I make this promise:

That if elected in November I will
do my level best to make Scott
county citizens proud of my office.

Again thanking you for the sup-
port given me throughout the
county, I am,

Yours truly,

J. Sherwood Smith

Your Tax Load Would Be Lighter If Everyone Paid His Share!

MUNICIPAL PLANTS
EXEMPT FROM
TAXES ON OVER
\$100,000.00 WORTH
OF PROPERTY

The amount of taxes
that should be paid on
this huge sum would
probably have made a
"Sales Tax" unnecessary
in Missouri. It would take
the state "out of the red"
and ease the tax burden
for all.

WHY should the farmers and business men of
any county help pay the missing taxes of city owned
utilities from which they derive no benefit? It's
paying for something you don't get!

YET, that's just what you and every other tax
payer of Missouri are doing. You have to pay
your share—amounting to many dollars each year
—of the taxes from which the utility plants owned
by various municipalities are exempt.

IT IS not fair nor just. The utility companies of
Missouri alone pay eight million dollars in taxes to
schools, cities, counties, state and federal govern-
ment. On the other hand municipal plants are ex-
empt from taxation on over one hundred million
dollars worth of property and you have to make up
your share of this missing tax money.

No one saves by municipal ownership and every taxpayer in the county out-
side of the community where the Light, Water or Gas Plant is located pays extra.

Personal And Society Items From Morehouse

Mrs. J. W. Porter and Mrs. Clarence Jackson of Cairo were the guests of Mrs. Ben Marshall last week.

Carl Atkinson of St. Louis is visiting friends and relatives here.

The revival meeting is now in progress at the Nazarene church. Miss Lucy Siebert is the evangelist. Thursday evening, the Riverside quartette will sing some special numbers. Saturday evening, Rev. and Mrs. London and daughter will be in the service.

Mrs. Brink and family from Tennessee have moved in furnished rooms of Mrs. Rauch's. Mrs. Brink is a sister of William and James Cornell.

Mrs. Dave Allen of St. Louis is visiting Mrs. Carrington this week.

The Headlee's are making a tour of the East. They were accompanied by their son, Baker, of Wichita, Kansas.

Mrs. Mandie Twitty of Cobden, Ill., who has been visiting her sister, Mrs. Jenny Lingle, has returned home.

Grover Neal and family of Charleston visited Mr. Neal's parents here, Sunday.

Dorothy, Mary and Margaret Paisley of Hannibal spent the week-end with Mr. and Mrs. Ira Menes.

Evadene Patterson of Dexter is visiting her grandmother, Mrs. Maude Patterson.

Miss Vivian Saville of St. Louis, who has been visiting relatives here, has returned home. She was accompanied home by Lucille and Louise Parrish.

Mrs. Martha Holmes is visiting in Charleston this week.

An all day singing convention was held at the gymnasium Sunday. Many towns of Southeast Missouri were represented with their choirs. Morehouse mixed choirs sang several numbers. A very entertaining day was spent.

Mr. and Mrs. Sallie Gresham and son of Charleston, visited Mr. Gresham's mother here Saturday evening.

Baker Reynolds of Cleveland, Ohio, who has been visiting his parents for the past week, has returned home.

Miss Doris Comer of Sikeston is visiting her grandparents, Mr. and Mrs. A. B. Comer.

Paul James, who has been visiting in Ohio and Indiana for the past several weeks, has returned home.

A good report from Mr. and Mrs. V. P. Barker has been received recently. The Barkers are in Springfield, Mo. Mr. Barker is studying law. He expects to be ready to enter the bar in six months. Mr. Barker taught in Morehouse high school for three years. The Barkers were highly respected citizens of this place.

Mrs. Clarice Mulhullen, Corning, Ark.

Mrs. Jack Ogle and children, Farmington.

WORK STARTED ON NEW SMOKE STACK

Service Construction Company workmen began Monday on the first stage of a new 165-foot stack at the Poplar Bluff Municipal Light and Power plant by sinking four of the 33 piles called for in plans for the proposed improvement.

The Board of Public Works recently awarded a general contract to the Bowen Construction Company, St. Louis, at a total cost price of approximately \$600 calling for a reinforced concrete smokestack to replace the present sheet steel stack.

A sub-contract was awarded by the Bowen company to Service Construction for building the footing, and workmen yesterday began the task of driving the necessary piling. A huge, circular hole having a depth of four feet has been excavated and stakes set marking the final location of the underground supports. Piling arrived Monday morning on two flat cars, and by 6 o'clock Monday afternoon the entire lot had been unloaded at the site, and four of the 50-foot creosoted timbers had been pounded into place to an average depth of 47 feet below the ground line. Tests made by the Fuller Engineering company, St. Louis, indicated the necessity of going to that depth to insure a secure foundation for the stack which will weigh hundreds of tons.

According to the plans of the construction company the piling will be covered by three concentric layers of concrete, the first covering the area of the base and the other two inset approximately one foot.—Poplar Bluff Republican.

GOVERNMENT TO BUY SCOTT COUNTY CATTLE

Between 200 and 250 drouth stricken cattle, badly in need of larger quantities of feed and water, will be bought in Scott county by representatives of the federal government and shipped to suitable grazing grounds, according to R. L. Furry, County Agent.

Detailed plans for the scheme have not yet been formulated since Scott was accorded government aid only last week, but as appraiser, R. Q. Black, of Oran, will begin soon to make a complete survey of the county to determine which cattle shall be shipped.

LOSES FINGER WHEN CAR HITS TREE AT BLODGETT

Eugene Lynch, a resident of Blodgett and an employe at the International Shoe Factory here, suffered the loss of a finger and injury to another when an automobile which he was driving struck a tree at Blodgett at about 3 o'clock Wednesday morning.

At Sikeston, where he came for treatment, Dr. T. C. McClure amputate the first finger of Lynch's left hand, since it had almost been cut off in the accident, and bandaged the second finger, which was partially severed, also from the left hand.

CONRAN GIRL KILLED BY TRUCK NEAR STANLEY

A 13-year-old resident of Conran, Daisy Ahart, was almost instantly killed on Highway 62 near Stanley Tuesday evening, when she was struck by a passing truck.

After attending church services in Stanley, where she was visiting, Daisy had started to walk

along the pavement when the truck appeared. The driver of the machine which hit her, did not stop after the accident.

HEAT, DROUTH IN STATE WORST EVER RECORDED

One of the warmest weeks ever recorded in Missouri during August is drawing to a close and people in all sections are suffering in intense heat. It is now believed that the heat and drouth of 1934 have exceeded the previous worst spell of the kind in 1901.

Except on one or two days high temperatures throughout the State were 100 degrees, with 113 recorded in Macon, 112 in Chillicothe, and 110 in Kansas City and Unionville on Monday.

Although recently this part of Southeast Missouri and some of the east-central section of the State were favored with rain, the other districts are still badly in need of moisture. The total rainfall for the State for July was only 1.11 inches, the second smallest July total on record and a little more than the 1930 total of .97 of an inch, according to Roscoe Nunn in his weekly weather and crop bulletin issued from the department of agriculture bureau in St. Louis.

During the first six days of August, the State average was .14 of an inch, making a total of 1.25 inches for a five-week period ending Tuesday. The total rainfall from April 1 until now is 8.76 inches, or 48 per cent of normal.

In some small areas the recent showers benefited forage crops, alfalfa, and even some corn, but on the whole corn suffered further deterioration during the week, except it did fairly well in some lower southeastern counties and in a few bottom lands of other sections. The crop generally is very poor, probably the poorest ever known in Missouri. Much corn is being salvaged for immediate feeding to stock or for silage. Some very light third cuttings of alfalfa were made this week. Pastures are entirely dried up except in a few favored spots. Apples are badly damaged by heat and drouth and forest trees are showing signs of dying in some places. The water shortage became worse during the week, especially in the northern portions.

How To Save Money

Drivers who operate cars at high speeds have a much larger gasoline bill than is necessary. At approximately 30 miles an hour gasoline as well as oil and tires will last longer than at higher speeds.

Miss Emily Blanton and her house guest visited friends at Doniphan. Mrs. Arden Ellise accompanied them to Poplar Bluff, where she visited relatives.

WE THANK YOU!

and believe that the ticket selected in the primary Tuesday is an unbeatable combination of men who pledge ourselves to support the policies of the Democratic administration.

Again we thank you for your support and urge all Democrats to work from now until November to elect the entire ticket.

THE BUCKNER-RAGSDALE CO.

SIKESTON, MISSOURI

Pharris Ridge Personal And Local Items

Mr. and Mrs. Russell McCarty and son of Detroit, Mich., are visiting with the latter's sister, Mrs. Owen Johnson and family this week.

A revival meeting began Sunday evening at Crono school house. It is being conducted by Rev. Tyler of Boekerton and Rev. Sullivan of Morehouse. Everyone is cordially invited to attend.

Mr. and Mrs. Ace Simeor are visiting with their daughter, Mr. and Mrs. Russell Crono and children.

James and Aleen Adcock, Richard Hill, James Johnson and Zema Kem visited Mr. and Mrs. Chester Stafford and baby at Portageville, Sunday. Mr. and Mrs. Stafford and baby accompanied them home for an extended visit.

Several from here have been attending the home coming in Morehouse the past week.

Mrs. Loren Moore and children of Big Opening spent several days of last week with Mr. and Mrs. Louis Kem and family. They were accompanied by Louise Kem, who will spend the week visiting relatives there.

Relatives of Farmington spent Saturday with Mr. and Mrs. R. S. Tetley.

George T. Johnson left Saturday afternoon for National Guard camp at Nevada.

Relatives from Kansas are visiting Mr. and Mrs. Clarence Latham and children.

Mrs. George T. Johnson and baby are visiting with the former's mother, Mrs. Latham, of Canolou, this week.

Among those who shopped in Sikeston Saturday afternoon were Mrs. Owen Johnson and children, Mr. and Mrs. Russell McCarty and son, Mr. and Mrs. W. J. Tetley and daughter, Richard Hill, Carl Watson, Charles Moyes, Mr. and Mrs. W. Larker and children, Mr. and Mrs. W. Pearson and son, Mrs. Charles Reed, Mr. and Mrs. John Crono and daughters, Mr. and Mrs. R. S. Tetley and children, Earl Tetley and Mr. and Mrs. Louis Kem and children.

Mrs. W. Pearson returned Saturday after visiting in Lamar, Ark. She was accompanied home by her daughter, Mrs. Cleo Reed.

Geneva Mansfield spent Saturday night with Edwyna Johnson.

Mrs. Ed Ford and Mrs. Henry Fowler shopped in Morehouse, Monday.

Mr. and Mrs. Louis Kem and son, Randolph, shopped in Sikeston, Monday.

Mrs. Loren Moore and children of Big Opening and Mr. and Mrs. Louis Kem and children visited with Mr. and Mrs. A. A. Kem in Morehouse, Thursday.

Personal And Society Items From Vanduser

Arthur Frye entered the hospital in St. Louis last Friday for an operation.

Mrs. Fern Woodward is to be admitted to the hospital in St. Louis this week for treatment.

Opal Crutchfield of Sikeston has been visiting Mrs. L. P. Guber, this week.

Miss Bernice Mize has been visiting at the H. M. Rhodes home in Cape Girardeau. Deloma and Monroe returned home with her to spend the week.

Dora Wilson has returned from Oran after a ten days' visit with relatives.

Nova Childers of Crystal City is visiting at the Dines Hale home.

Marion Darter of Cape Girardeau is visiting relatives here.

Ben Woodward has returned home from the forestry camps. He plans to get employment at Memphis, Tenn.

The Bob Guber family and R. V. Mize attended the picnic at McMullin Thursday evening.

Boss Fields' niece of Kentucky is visiting at their home here.

Mr. and Mrs. Dines Hale and Mr. and Mrs. Boss Fields made a business trip to Illinois Thursday.

Amon Batts' daughter, Freda, and little daughter, Barbara Lou, of St. Louis are visiting homefolks here.

Rev. Hubert Keasler of Sikeston preached at the Church of God Sunday night as the pastor, O. C. Lewis, was in Chicago.

Bernice Mize attended the funeral of Rev. H. J. Ball's wife, at Lutesville, Thursday.

Fritz and Henry Leuber visited in St. Louis this week.

Quite a number of our farmers have shipped car loads of melons this week.

The Myers family and Martin

Duncan attended a family reunion at Zaima, Sunday.

Mr. and Mrs. Smith Edmiston of Memphis, Tenn., spent last week-end with their parents here and at Morley.

Norman Summers of the CCC's spent the week-end here with his parents.

Those that spent the day at the Oscar Mize home Sunday were Mrs. H. M. Rhodes and children, Loretta, Deloma and Monroe; Mrs. C. B. Wright and Thurman Probst of Cape Girardeau, Mr. and Mrs. Everett Killiam and sons, J. E. and Charles; Martha Killiam and A. A. Chaney of near Sikeston, Hayden Huffman of Grisham, Gene Berry, Audrey Unsell, Dora Wilson, Winfred Stacy, C. C. Hale and Glendon Stafford of Vanduser.

BODY OF CHILD IS FOUND IN A DITCH

Kennett, August 6.—A woman giving her name as "Mrs. Wall", was held in custody today following discovery of the dead body of a newly-born baby east of Kennett yesterday. The child was in a drainage ditch.

The woman is said to have admitted the child was hers, but that it was dead when she regained consciousness following its birth. She said the child was born near the place where the body was found.

Mrs. Wall is 34 years old and has resided near here several years. She and her husband have been separated five years. She would offer no testimony concerning the identity of the father of the child.

ADD TO DROUTH'S TOLL 15 FAMISHED PELICANS

Miller, S. D.—When adding up the number of deaths due to the devastating heat that has been sweeping the country, be sure to include 15 pelicans.

Flying unsteadily low over the farm of A. J. Schaeffer near here, the birds flopped into a field and collapsed.

Schaeffer loaded them on his auto trailer and moved them to a barn where he tried forced feeding and watering. But all were dead the next morning.

BOY RIDING ON BICYCLE KILLED

Blytheville, Ark., August 6.—

George Roberts of Cooter, Mo., died in a Blytheville hospital Sunday from a fractured skull after being struck by a truck while riding on his bicycle at Cooter early Sunday.

It was reported that the truck struck him as he was crossing an intersection. The truck was owned by Tete Faries. The driver's name was not learned here.

A black fly with a yellow tail bought at a ten-cent store in Kansas City, has been getting plenty of bass for M. J. Horney of Kansas City, who with his wife, has been occupying a cabin at Riverside Camp at Tusculum on the Osage River. Mr. Horney says that the Osage River below the Bagnell Dam resembles the Gunnison River in Colorado more than any other stream he has seen. According to L. A. Wright, editor of the Miller County Autogram, Mr. Horney, during a two weeks' stay on the Osage, caught 36 bass, the biggest one being a 13-inch black bass. He reports that the only lure he has used was the black fly with a No. 6 hook. Two Iowa fishermen made good catches last week including two bass which tipped the scales at 6½ pounds, fishing at Riverside Park.

Ball Game Restores Son Lost 30 Years. Dramatic True Story of Child kidnapped by Gypsies at Last Restored to Parents. Told in The American Weekly, The Magazine Distributed with NEXT Sunday's CHICAGO HERALD AND EXAMINER.

History records that the ancient Pharaohs used 100,000 slaves for 20 years to build the Great Pyramid of Egypt.

The star fish is a sea animal, not a fish.

Slim Pickens has bought another shirt, and a flashy necktie. Isaac Helwanger's wife on hearing of it said she actually believed after all the world was bound to go to the dogs.—Commercial Appeal.

The fire department came mighty near getting after Yam Sims at the picture show the other night, as he blocked the route to the fire escape by having his feet stuck out in the aisle.—Commercial Appeal.

YOU SAVE DOLLARS with MORE LIVE POWER per gallon

AND IT'S SENSIBLE SAVING, FOR YOU GET KEENER PERFORMANCE, TOO!

The money you'll save this summer and fall by taking advantage of the extra Live Power in Standard Red Crown Superfuel will run into a good many dollars. For there's no extra charge to you for this power-packed motor fuel—it's priced the same as the usual "regular" gasoline. —> The price is the same, yes—the big difference is in the store of instantly usable driving energy in Superfuel. It means that your gasoline money not only takes you farther, at less cost—but faster, when the occasion calls for speed. —> Not in Standard Oil history have we been able to offer greater value from a double standpoint—performance and economy! —> More Live Power per gallon is simply another way of saying More Live Power per dollar. Every penny of your gasoline money buys more propelling energy in Standard Red Crown Superfuel. —> That sounds good to you? Then try it. Take on a tankful of more Live Power. Test it any way you wish—for getaway, for power on hills, for easy high speed—and for mileage. You'll come back for more. —> Try this up-to-the-minute motor fuel. Save money—and enjoy keener, more brilliant engine performance while you're saving!

Fairview News

Mrs. Geo. Hensley was called to Thebes, Ill. Wednesday because of the serious illness of her uncle, whom we understand is to undergo an operation.

The revival at Fairview is yet in progress. About fifteen have been converted to date.

Misses Beulah and Anna Lee Travelstead of Charleston and Jno. Travelstead of Sikeston spent Sunday at the home of John Taylor.

Archie Cook and sons, Hershel and Leo and daughter, Doris Jean, visited relatives in Arkansas the latter part of last week.

Grandpa and Grandma Beck, parents of Spurlin Beck, visited relatives in Kentucky last week.

We are sorry to hear that Emerald Duke is on the sick list.

Louise Coleman, a daughter, is visiting relatives in Kentucky.

Henderson Howard made a business trip to St. Louis, recently.

W. Earl Taylor of Leroy, Ill., visited his brother, John Taylor, Tuesday night.

Born to Mr. and Mrs. Vernon Ayers, a son, Friday, August 3.

Kennett, August 6.—While their father, Charles Beck, looked on, Billy Beck, Louis "Pig" Beck and Emory "Slim" Beck, yesterday afternoon poured a fusillade of bullets into the body of Tom Hudgins, 20-year-old son of a blind widow, as he sat in his automobile on one of Clarkton's main business streets, killing him instantly.

The shooting, which occurred in front of Dunn's store about 5:00, was the result of family trouble of about a year's standing, said to have originated over objections of the Beck boys to Hudgins' attentions to their sister. According to Jim Nettleton, an eye witness, who testified at the coroner's inquest, Charles Beck and his three boys walked up to Hudgins as he sat in his automobile and an argument of some duration ensued. Finally the Becks left but returned shortly and again approached the automobile. Without a word the three boys drew revolvers. William Beck, according to Nettleton, fired two shots into Hudgins' body.

"That's enough", the elder Beck said.

"Let me have a shot at him", said Louis, and fired into Hudgins' prostrate body.

"While we have him down, let's finish him", said Emory, and fired two more shots.

Four of the bullets took effect in Hudgins' body and one lodged in the door of the car.

The Becks then started away, but a crowd had gathered and they hesitated. Looking over the crowd, Emory said, "There are two or three more here we ought to get while things are hot". But he apparently saw no one he was looking for and remarked they ought to go home before the law got there.

At the Beck home, Emory surrendered his gun. The other two were found beneath a mattress. All were 32 caliber revolvers.

It developed at the coroner's inquest that the Beck brothers a short time ago had armed themselves with knives and chased Hudgins home from their house.

Charles Beck and his sons are laborers who earn a living at odd jobs. Hudgins also was an odd job man and lived with his blind mother, Mrs. Addie Hudgins, and a sister, Mary. He was unmarried. Besides these two he leaves a sister, Mrs. Alva Redman of Kennett, and an uncle, J. R. Hudgins, of near Kennett.

Funeral services were held Monday morning at the home with Rev. Wade Freeman in charge. Interment in Clarkton cemetery.

A coroner's jury returned a verdict of first degree murder and ordered Charles Beck and his son held. They were not permitted bond.

Accident Victims Improving

Mr. and Mrs. C. T. Keller and Miss Ruby Evans, who were severely injured in an automobile accident at the north edge of town Sunday evening, are recovering steadily at their homes, according to attending physicians.

Their wounds are healing, and although they are not yet entirely free of pain, they are able to sit up and to walk about for short periods.

Byron Bowman and Franklin Moore, who suffered slight sprains in the accident, returned to work earlier in the week.

IN AND ABOUT TOWN

Mrs. C. M. Harris, Phone 581, Local Reporter

Atty. and Mrs. J. M. Massengill returned Monday from Shaffner, Tenn., near Union City, where they had attended a family reunion held at the home of Mrs. Massengill's mother, Mrs. J. R. Cheatham.

Mr. and Mrs. L. L. Conatser and son, Larry Lee, visited in Parma and Bernie, Sunday.

Mr. and Mrs. Bob McCarty and daughter, Miss Zelda, Miss Melba Taylor and Miss Geneva Patterson shopped in Cape Girardeau, Monday.

A letter received this week by Mrs. S. E. Reed stated that her son-in-law and daughter, Mr. and Mrs. L. U. Fourny, of Monroe, La., are spending their vacation at Galbraith Springs, Tenn.

Bill Bowman of Montgomery, Ala., is ill at a hospital in Bloomington, Ill., suffering from typhoid fever. Mr. and Mrs. Bowman had been at the Century of Progress Exposition at Chicago, and were enroute to Sikeston, last Friday, but he became so ill they had to stop at the home of his sister, Mrs. L. P. Hullick in Mansfield, Ill., and later was taken to the hospital at Bloomington.

Mrs. Charles Lindley will entertain her bridge clubs and guests this afternoon.

Mrs. C. L. Blanton, Jr., and children, left for Troy, Mo., Thursday afternoon, where they will visit with Mrs. Blanton's parents, Dr. and Mrs. W. P. Smith. C. L. drove them to Troy and from there he will go to Jefferson City, where he has been called by Wallace Crossley.

Miss Ruth Allard of Kalamazoo, Mich., arrived Wednesday night to attend the funeral of her uncle, Fred Allard.

Mrs. Ernest Tongate and Mrs. C. C. Scott entertained at bridge last night at the latter's home.

Mr. and Mrs. Everett Lemons and children left yesterday morning for their home at Springfield, Ill., after a week's visit here with Mrs. Lemons' parents, Rev. and Mrs. Finis E. Jones, and other relatives.

J. H. Fowler went to Cape Girardeau, yesterday, where he entered the St. Francis hospital for an operation. He will undergo the operation today (Friday).

Mrs. Charles Albright of Morehouse, who has been ill the past four weeks with typhoid fever, is reported now as doing fine. Eugene and Janet, children of Mr. and Mrs. Albright are at the home of their uncle and aunt, Mr. and Mrs. P. H. Stevenson, in this city during their mother's illness.

Mrs. W. O. Carroll entertained at bridge Wednesday night.

Mr. and Mrs. Charles Boyce visited with Mrs. Z. E. McAmis and son, Edwin Earl, at St. Francis Hospital, Cape Girardeau, Wednesday night.

Mr. and Mrs. W. E. Hollingsworth left yesterday afternoon for Fayette, Mo., to accompany home their daughter, Miss Wooten Inez, who attended the summer term at Central College.

Mrs. A. J. Day arrived home Sunday from Heber Springs, Ark., where she had visited the past five weeks with her mother, Mrs. Wm. Burns.

Mr. and Mrs. W. E. Hollingsworth went to Camden, Tenn., Tuesday morning.

LEGION AUXILIARY WOMEN OF DISTRICT MEET HERE

Representatives of American Legion Auxiliary units of the fourteenth district, met here on Thursday afternoon to select a district committeewoman to succeed Mrs. Henry Haman of Cape Girardeau, who is retiring.

Before the session the women gathered for luncheon in the coffee shop of the Hotel Marshall and at the conclusion of the business meeting which was held on the second floor of the hotel, they heard an address by J. Grant Frye of Cape Girardeau, State commander of the American Legion.

The following women attended: Mesdames Tom Roberts, Earl Johnson, Tanner Dye, Oscar Carroll, Robley Lemox, C. L. Blanton, Sr., Harry C. Blanton and G. W. Presnell, all of Sikeston; Mesdames Charles Hahn, Herman Proffler, Max Clodfelter and Robt. Lincoln, all of Dexter; Mesdames J. F. Briggs, M. E. Gise and W. O. Finney, all of Chaffee, and Mesdames J. Grant Frye, J. Martin Thompson and Henry Haman and Miss Helen Batjer, all of Cape Girardeau.

Mexico, D. F.—One-fifth of Mexico's Federal budget during the next six years will be spent for education and cultural purposes, Minister of Education Eduardo Vasconcelos declared recently in commenting on the school program for the next presidential period.

Under a proposed amendment to the Constitution which will be presented to Congress this fall, primary school attendance is not only made compulsory but the basic structure of the primary school program is required to be "socialistic". This is in line with aims expressed many times by leaders of the National Revolutionary (administrative) party.

In citing the varied forms of educational plans of the Government, including formation of a National Theatre Repertory Company, increased radio education program, and building of new primary schools, Vasconcelos stressed that the party leaders were intent on unifying the ideology of the educational institution from primary schools.

Following a cue from a recent radio speech by Mexico's "strong man", Gen. Plutarco Eliza Calles, the Education Minister emphasized that all traces of religious influence were to be eliminated from primary schools.

NEARLY THIRD OF ARKANSAS COUNTIES ON DROUTH RELIEF

Little Rock, Ark., August 7.—

Nearly a third of Arkansas' 75 counties have been placed on the roll eligible for drouth aid through the FERA. Eleven counties are receiving emergency aid and 12 are on the secondary list.

Boone and Marion counties, formerly on the secondary classification, have been transferred to the emergency list, and Sebastian County also has been placed on the emergency roll. Cleburne, Randolph, Sharp, Van Buren, Benton, Carroll, Fulton and Izard Counties are others on the emergency list.

The 12 counties receiving aid as secondary units are Lawrence, Pope, Baxter, Madison, Newton, Conway, Crawford, Faulkner, Perry, Scott, Yell and Washington. Farmers in the emergency group can be granted feed and seed loans and can sell their cattle to the Federal Surplus Commodities Corporation, while farmers in the secondary areas can be furnished only subsistence feed for livestock and poultry by the FERA.
